RE: **PROPOSED AMENDMENTS TO 810 KAR 3:020**

On April 1, 2025, the Kentucky Horse Racing and Gaming Corporation Rules Committee recommended the KHRGC Board approve the following amendments to 810 KAR 3:020. A copy of the regulation with the proposed changes is enclosed.

**810 KAR 3:020, Section 2: Persons Required to Be Licensed.**

- Amends the rule to allow a written request for a waiver of licensing requirements for racing participants and new language details the information required when requesting a waiver. The KHRGC may then grant or deny the request based on at least the current licenses issued to the waiver applicant and the best interests and integrity of horse racing, pari-mutuel wagering and sports wagering.

**Section 3: General License Application Requirements for All Applicants.**

- Add the language “or request for a waiver in accordance with Section 2” when referencing an application for license.
- Change the earliest date to submit the license application from November 1 to October 1.

**Section 5: Additional Licensing Requirements for Specific Licenses.**

- Remove the 3-day cap for special events licenses.

The KHRGC staff recommends approval of the proposed amendments.

Pursuant to the Provisions of KRS 230.225, KHRGC is directed to conduct all procurements in accordance with procedures that are not inconsistent with the provisions of KRS Chapter 45A and KRS Chapter 230. The proposed procurement procedures are specifically designed to provide for the purchase of supplies, equipment, services, and construction items that provide the greatest long-term benefit to the state and the greatest integrity to KHRGC and the public. The procedures provide for an open and fair process that is free of conflicts of interest as KHRG Board Members and employees are subject to the ethical provisions contained in KRS Chapter 11A and Chapter 230.

The following resources were reviewed and relied upon in drafting the proposed procedures:

- KRS Chapter 45A

RE: **MODIFICATION TO EXISTING CONTRACT WITH DEAN DORTON**

---

Following an RFP process, Dean Dorton was awarded a contract to provide outsourced finance and human resource services to KHRGC effective January 2, 2025. The contract includes transitioning KHRGC from the state's finance, accounting, and HR systems to independent systems.

As work has progressed to establish these independent systems, it has become clear that many of our technology platforms, workflows, and processes are inconsistent and inefficient. They do not communicate with each other and include many outdated processes, including manual processes, that are inefficient and not cost effective. Modernizing and integrating our technology systems and processes will result in cost savings and efficiencies over time.

Our current contract with Dean Dorton includes creating and improving technology platforms, workflows and processes.

Members of the Dean Dorton Technology Team met with and conducted discovery sessions with leaders of KHRGC and each of our divisions. Because of the volume of need, they have proposed dedicating 256 hours per quarter at a rate of \$51,200 with an additional \$2,000 one-time set-up fee. Unused hours may be rolled to the next quarter, and additional hours can be added at a discounted hourly rate. Software licensing fees would be billed separately. We plan to build these fees into our FY 26 budget.

The current pricing term through June 30, 2026, is \$962,000. We are requesting a modification to the existing Dean Dorton contract by adding a one-time \$2,000 set-up fee and \$51,200 per quarter to the pricing term to accomplish the deliverables outlined in the attached proposal and contemplated in the current contract with Dean Dorton. If approved, total contract price would be \$1,294,000 through June 30, 2026. That price contemplates a start-date of May 1, 2025.

The Finance Committee unanimously approved the modification on April 2, 2025.

One of the benefits of employment with the state is eligibility to participate in the Kentucky Deferred Compensation program. Pursuant to SB 299, KHRGC employees continue to be eligible. KHRGC must create an account independent of the state and enter into a Joinder Agreement, which authorizes Kentucky Deferred Compensation to act as administrator of the program.

We do have employees currently participating in the program. To ensure adequate time to transition current participating employees, the attached Joinder Agreement was executed, including a resolution of the Board authorizing participation. There are no fees or costs to KHRGC associated with participation.

KTDF Advisory Committee for the  
Kentucky Horse Racing and Gaming Corporation  
4047 Ironworks Pkwy  
Lexington, KY 40511

March 22, 2025

Committee Members,

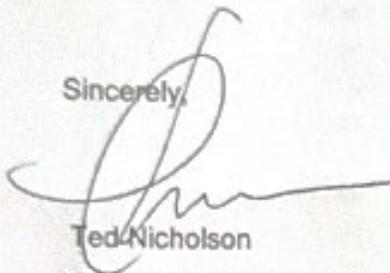

Kentucky Downs has reviewed our purses and would like to offer KTDF purses in the range of \$18 Million to \$19 Million for the upcoming August/September race meet. We have based the range on the following information.

1. At the end of March 2025, Kentucky Downs is projecting an ending KTDF earned balance of approximately \$10.5 million.
2. Our August/September meet will consist of 7 racing days, beginning on August 28 and ending on September 10<sup>th</sup>. We are projecting additional earnings of \$16 million by the end of September. The primary driver is the KTDF portion of the HHR revenue from The Mint Gaming Hall at Kentucky Downs and The Mint in Bowling Green.
3. We anticipate that KTDF will be approximately 45% of total purses. Of the requested KTDF allotment, we anticipate the following payouts:
  - a. ALW, AOC, MSW: approximately 39% of the KTDF allotment
  - b. Stakes: approximately 61% of the KTDF allotment
4. For August/September 2025, we are assuming a KTDF payout percentage of approximately 90% with anticipated KTDF disbursements of \$16.65 million which is an increase of \$2.2 million, or 17% higher than 2024.
5. Kentucky Downs remains committed to improving the on-track experience for guests and is continuously seeking to improve ticketing, food and beverage, and guest

services in order to grow our fanbase. Our recent capital projects have included an on property suite hotel, 2 new barns, expanding our popular Finish Line Pavilion for our horsemen, improving the paddock for our horse owners, creating private party suites, developing new camera locations, including the use of a drone, completely remodeling our simulcast room and building a 10,000 square foot sportsbook.

Thank you for your assistance with our pursuit of improving horse racing in Kentucky.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ted Nicholson', written over the word 'Sincerely,'.

### **The Kentucky Thoroughbred Development Fund**

Given several years of robust business during the period beginning in the Spring of 2015 and continuing to present day, the state-of-the-art historical racing games at The Mint at Kentucky Downs and Bowling Green have generated nearly \$100 million in KTDF for horsemen with Kentucky-Breds to run for all the different types of races, including claiming races.

Eligible races can be readily recognized in the stakes and condition books by the KTDF seal, which will appear next to each race in the stakes and condition books.

In accordance with KRS 230.400(5) (d) it is mandatory for a horse to be registered prior to time of entry to be eligible to participate in the distribution of the KTDF monies. Registration is only complete once the application is approved, and payment has been received.

All horses of racing age that are both Kentucky-bred sired by a Kentucky stallion which stood in Kentucky the entire breeding season the year the horse was conceived are eligible to be registered. Owners of horses of racing age are responsible for registering their stallions.

Registration applications may be obtained from the official registrar, the Kentucky Thoroughbred Owners and Breeders, by contacting:

Dear Ms. Eads

I would like to eliminate MTO's for entering in our turf races this spring at Churchill Downs. I feel without MTO's our turf fields may stay together better. I am sending you the edited version of the date preference page in our condition book. We will be taking out section 7 and renumbering those sections past it. I will also be taking out the section titled Turf Race Entries, as it pertains to the rules of entering MTO's. Please let me know should you have any questions.

Respectfully submitted,

## DATE PREFERENCE SYSTEM

The Date System of preference will be used at Churchill Downs as described below:

**Foal Certificates and digital foal certificates no longer are required to be on file in the racing office to enter or start at Churchill Downs; however, foal certificates and digital foal certificates must be on file to obtain a preference date and to get a horse tattooed.**

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses in over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Churchill Downs will be assigned a preference date. Dates assigned will be of two types:
3. **FOR A ZERO DATE** foal papers and digital foal papers must be turned in to the identifier by Monday, April 21, 2025.

### **E-Date**

This date will correspond to:

- a) The day on which a horse's foal papers or digital foal papers are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting). An unnamed horse will not receive an E-date.
- b) The day on which a horse is first entered if his papers or digital foal papers are not on file with the identifier.

To qualify for the latter E-date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

### **R-Date**

This date will correspond to the day of a horse's most recent race at Churchill Downs. An R-Date will also be assigned to a horse which scratches.

4. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers or digital papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another race track will forfeit any date they may have at Churchill Downs.
5. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
6. A horse that runs in a race, which has been taken off the turf will retain its turf date. A scratched horse will receive an R-date from the date scratched.
7. ~~When a race is taken off the turf, main track only (MTO) horses will receive an R-Date if they run or scratch. If the race remains on the turf, main track only (MTO) horses will retain their previous date and will not be permitted to start.~~
8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.

9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse which is a scheduled starter in a cancelled race will not receive an R-Date for that race but will retain its previous date.
11. The draw of stakes and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRC rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non maiden races.

### **CONDITION PREFERENCE**

Horses are preferred by their available conditions in all allowance races beginning with Graded Stakes winners (Grade I-II-III), down through their allowance conditions (when allowance conditions are equal, an open stakes winner shall be preferred) providing the horse has finished 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> for \$50,000 or more since starting for less than \$50,000. In allowance/optional claiming races a horse's preference cannot exceed the condition of the race. Starter races for less than \$40,000 will not be preferred.

### **WINNERS ARE PREFERRED IN ALL NON-MAIDEN RACES.**

#### **Also-Eligibles**

If there are any scratches in a race with also-eligibles, the also-eligible horses will be permitted to move into the race in the order listed on the overnight.

### **810 KAR 4:010. HORSES**

The stewards may at any time require presentation of a horse's registration certificate, virtual certificate, or racing permit or other proof of ownership.

Upon claim, sale or any other transfer of ownership, the horse's registration certificate or racing permit shall be given to the new owner, and any virtual certificate shall be transferred to the new owner electronically. The new owner shall report the change in ownership to the stewards.

---

In its application for a license to conduct live horse racing, simulcasting and pari-mutuel wagering, Turfway Park, LLC (“Turfway Park”) sought and received an award of 2025 race dates, including February 19 and 20, 2025. In a letter dated February 18, 2025, Turfway Park’s General Manager, Chip Bach requested approval to cancel racing at Turfway Park on February 19 and 20, 2025, due to inclement weather in Florence, Kentucky. Mr. Bach further requested to reschedule the February 19 race day to February 23<sup>rd</sup> and make up the February 20<sup>th</sup> races by adding races at the end of race cards in March. In addition, Turfway Park has an agreement with KHRGC, KHBPA, the Jockey’s Guild that states when the “feels like” temperature is lower than 10 degrees, Turfway Park will cancel races in the interest of the safety of the riders, horsemen, and horses.

Mr. Bach has also gotten support from the Kentucky Thoroughbred Owners & Breeders, Inc., as well as the Kentucky Horsemen’s Benevolent and Protective Association.

Due to the time constraints of these requests, President and CEO Jamie Eads granted conditional approval for Turfway Park to cancel racing on February 19 and 20, 2025. KHRGC staff recommends ratification of President Eads’ approval.

Jamie,

Based on extremely cold temperatures forecasted for the Northern Kentucky area, Turfway Park will cancel our February 19<sup>th</sup> and 20<sup>th</sup> race cards. Turfway Park would like to request to move the February 19<sup>th</sup> race card to Sunday, February 23<sup>rd</sup>, 2025.

We plan to make up the Thursday, February 20<sup>th</sup> races by adding races at the end of our race cards in March.

As you know, as an agreement with the KHR&GC, the Kentucky HBPA, the Jockey's Guild, and Turfway Park, when the "feels like" temperature is lower than 10 degrees, we will cancel races in the interest of the safety of our riders, horsemen, and horses.

I have consulted with the horsemen's group(s), and they are in support of this move.

If you, or any of the committee members have questions, please do not hesitate to call me.

Sincerely,

### Total Distributions by Account

The General Fund line includes amounts that are deposited to various accounts. These caps are calculated from deposits resulting from the excise tax for conducting pari mutuel wagering on historical horse racing. Since these amounts are calculated as a whole and not per licensee, a one-time transfer will be made once the caps are met within the fiscal year. At the end of the fiscal year, approximately \$7M must be deducted from this line in order to determine the actual amount retained by the General Fund. Please contact the Department of Revenue with any questions regarding these transfers.

Total Distributions by Account

The General Fund line includes amounts that are deposited to various accounts. These caps are calculated from deposits resulting from the excise tax for conducting pari-mutuel wagering on historical horse racing. Since these amounts are calculated as a whole and not per licensee, a one-time transfer will be made once the caps are met within the fiscal year. At the end of the fiscal year, approximately \$2M must be deducted from this line in order to determine the actual amount retained by the General Fund. Please contact the Department of Revenue with any questions regarding these funds.
