6 STATUTORY AUTHORITY: KRS 238.515, 238.525, 238.530, 238.535(2), (13), 238.555

7 NECESSITY, FUNCTION, AND CONFORMITY: KRS 238.515(1) requires the
8 Department of Charitable Gaming to license charitable organizations, charitable gaming facilities,
9 manufacturers, and distributors that desire to engage in charitable gaming. KRS 238.515(2)
10 authorizes the Department of Charitable Gaming to establish and enforce reasonable standards for
11 the conduct of charitable gaming and the operation of charitable gaming facilities. This
12 administrative regulation establishes the requirements, fees, and procedures for licensure of a
13 qualifying charitable organization, distributor, manufacturer, or charitable gaming facility. This
14 administrative regulation establishes criteria for temporary licenses, exemptions, and inspections
15 for verifying the information contained in an application.

16 Section 1. Application for Licensure. (1) At least sixty (60) days prior to the expiration of
17 its existing license or its first expected date of gaming, facility operation, or business operations in

19 and documented application:

20 (a) A charitable organization shall submit Form CG-APP-ORG [CG-1];

10 complete until all deficiencies are resolved.

11 (3) If the applicant does not file a written response to a deficiency request, provide
12 requested information and documents, or otherwise cure the identified deficiency within thirty (30)
13 days of the written notice, the application shall be deemed withdrawn.

14 (4) If the applicant files a written response to a deficiency request within thirty (30) days
15 of the written notice, but the response does not cure the identified deficiency, the department shall
16 issue a subsequent deficiency notice. If the deficiency is incapable of being cured, the department
17 shall deny the license.

1 (b) If a charitable organization wishes to cancel a charitable gaming session, the
2 organization shall notify the department, in writing, at least twenty-four (24) hours prior to the

6 (6) A charitable organization shall not advertise any charitable gaming activity until the
7 activity has been licensed by the department.

8 Section 3. Temporary License. (1) Application for Licensure. The department may issue a

17 application with the department if the gaming activities of the charitable organization remain
18 within the qualifications for exempt status.

19 (5) The charitable organization shall notify the department of any changes in the exempt
20 status of the charitable organization within thirty (30) days of the occurrence of the [~~such~~] changes.

(1) Provide a brief summary of:

(a) What this administrative regulation does:

This administrative regulation identifies the requirements for certification of charitable organizations as exempt from licensure and sets forth the requirements for charitable gaming organizations, manufacturers, distributors, and gaming facilities to apply for and obtain licensure from the Department of Charitable Gaming for charitable gaming activities within the Commonwealth of Kentucky.

(b) The necessity of this administrative regulation:

This regulation is necessary so that the Department of Charitable Gaming may issue licenses and exemptions pursuant to KRS Chapter 238 and 820 KAR Chapter 1.

(c) How this administrative regulation conforms to the content of the authorizing statutes:

Pursuant to KRS 238.522, the Department provided a copy of these proposed amendments to the Charitable Gaming Advisory Commission on December 16, 2022. KRS 238.515 authorizes the department to promulgate administrative regulations in order to carry out and implement KRS Chapter 238. This administrative regulation provides the basis for the Department to issue charitable gaming licenses and exempt organizations from licensure.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:

The Department of Charitable Gaming is charged with the responsibility of licensing and regulating charitable gaming. This administrative regulation establishes the process and forms necessary for exemptions and licensure of charitable organizations, manufacturers, distributors, and gaming facilities.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation:

The department has developed new forms to be used by its licensees when applying for or amending an existing charitable gaming license. The changes to the text of the regulation reflect the new titles of the forms. This amendment also amends the annual fee for licensed charitable gaming facilities to include a lesser fee for facilities that do not host regularly-scheduled bingo sessions.

(b) The necessity of the amendment to this administrative regulation:

Applicants sometimes find the department's current applications difficult to complete, resulting in delays due to deficiencies identified in license applications, so the department felt a need to make the applications simpler and easier to complete.

(c) How the amendment conforms to the content of the authorizing statutes:

These amendments conform to the content of the authorizing statute because this regulation sets forth licensing requirements as permitted by KRS 238.515.

(d) How the amendment will assist in the effective administration of the statutes:

The department is streamlining its applications to make them more user-friendly and to reduce the number of questions that ask for information not specifically required by statute. This should result in fewer license applications being delayed by application deficiencies.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:

The Department of Charitable Gaming, its employees, licensees, and exempt organizations will be affected by this administrative regulation. As of November 2022, the Department of Charitable Gaming regulates over 1,300 charitable gaming entities that will be affected by this administrative regulation, as follows:

- Over 500 charitable gaming organizations;
- Over 800 exempt charitable gaming organizations;
- Eighteen (18) manufacturers of charitable gaming supplies;
- Eighteen (18) distributors of charitable gaming supplies; and
- Thirty-one (31) charitable gaming facilities.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment:

Entities seeking licensure or exemption must complete the forms, provide the necessary information, and pay the required fees set forth in this administrative regulation. All these organizations must conform to this administrative regulation prior to conducting charitable gaming.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3):

The existing administrative regulation contains fees for licensure, which the amendment does not increase. Concerning facilities, the amendment would reduce the fee for certain facility applicants.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3):

Licensees and exempt organizations will have simpler forms to fill out, which should eliminate some delays in the application process due to application deficiencies.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially:

There will be no additional cost to implement this administrative regulation initially.

(b) On a continuing basis:

There will be no additional cost to implement this administrative regulation on a continuing basis.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation:

There is no additional funding necessary to implement this amendment to the administrative regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment:

The implementation of this administrative regulation requires no increase in fees or funding.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees:

This administrative regulation neither directly nor indirectly increases any fees.

(9) TIERING: Is tiering applied? (Explain why or why not):

The licensing fee for charitable gaming facilities is tiered based on the number of weekly bingo sessions that will be hosted at the facility.
