THE BASICS OF CHARITABLE GAMING

Charitable Gaming Defined

“Charitable gaming,” as defined by Kentucky law, includes¹:

- **Bingo:** A specific game of chance in which participants use cards or paper sheets, or card-minding device representations thereof, divided into horizontal and vertical spaces, each of which is designated by a letter and a number, and prizes are awarded on the basis of the letters and numbers on the card conforming to a predetermined and preannounced configuration of letters and numbers selected at random.²
- **Charity game tickets (also called “pulltabs”):** A game of chance using a folded or banded paper ticket, or a paper card with perforated break-open tabs, or electronic pulltab device representations thereof, the face of which is covered or otherwise hidden from view to conceal a number, letter, symbol, or set of numbers, letters, or symbols, some of which have been designated in advance as prize winners and shall include charity game tickets that utilize a seal card. "Charity game ticket" shall include pulltabs, both paper and electronic representations thereof.³
- **Raffles:** Games of chance in which a participant is required to purchase a ticket for a chance to win a prize, with the winner to be determined by a random drawing.⁴
- **Charity fundraising events (“CFE”):** Activities of limited duration at which games of chance approved by the Department are conducted, including bingo, raffles, charity game tickets, special limited charitable games, and wagering on prerecorded horse races... Examples of such activities include events that attract patrons for community, social, and entertainment purposes apart from charitable gaming, such as fairs, festivals, carnivals, licensed charitable gaming organization conventions, bazaars, and banquets.⁵

Charitable gaming shall **not** include⁶:

- Slot machines
- Electronic video gaming devices
- Wagering on live sporting events
- Wagering on simulcast broadcasts of horse races.

Organizations Eligible to Conduct Charitable Gaming

Charitable gaming may only be conducted by a charitable organization, which Kentucky law defines as “a non-profit entity organized for charitable, religious, educational, literary, civic, fraternal, or patriotic purposes.”⁷

An organization that wants to conduct charitable gaming must be licensed by the Department or apply for an exemption.⁸ Any charitable organization conducting charitable gaming in the Commonwealth of Kentucky shall be licensed by the Department of Charitable Gaming or conduct charitable gaming pursuant to an exemption. In order to be eligible for a license or exemption, a charitable organization must:

1. (a) Have a tax-exempt status under 26 U.S.C. 501(c)(3), (4), (8), (10), or (19), or
(b) Be organized in Kentucky as a common school, an institution of higher education, or a state college or university;
2. Have been established and continuously operating within the Commonwealth of Kentucky for charitable purposes, other than charitable gaming, for a period of three years; and
3. Demonstrate reasonable progress in accomplishing its charitable purposes during the previous three years.
4. Have maintained an office or place of business, other than for the conduct of charitable gaming, for at least one year in the county in which charitable gaming is to be conducted.⁹

“Reasonable progress” means¹⁰:

- The regular and uninterrupted conduct of activities within Kentucky to further the organization’s charitable purpose, or
- The expenditure of funds within Kentucky to further the organization’s charitable purpose.

The activities or expenditure of funds must be used to accomplish:

- Relief of poverty
- Advancement of education
- Protection of health
- Relief from disease
- Relief from suffering or distress
- Protection of the environment
- Conservation of wildlife
- Advancement of civic, governmental, or municipal purposes; or
- Advancement of charitable, religious, educational, literary, civic, fraternal, or patriotic purposes.¹¹

¹¹ [KRS 238.535\(12\)\(a\)3](#) and [KRS 238.505\(3\)](#)

If an organization is applying to renew an existing charitable gaming license, it must further demonstrate reasonable progress toward accomplishing its charitable purposes by providing a detailed accounting regarding its expenditure of charitable gaming net receipts for the purposes described above.¹²

Where Charitable Gaming May Be Conducted

Charitable gaming must be conducted at the date, time, and location that is stated on the charitable gaming license.¹³ This location may be a licensed or unlicensed charitable gaming facility.

A “charitable gaming facility” is any premises on which charitable gaming is conducted.¹⁴ A charitable gaming facility must be licensed by the Department if the facility is utilized by three or more charitable organizations to conduct gaming.¹⁵

For charitable organizations that conduct charitable gaming with electronic pulltabs, the electronic pulltabs may only be installed at the organization’s primary office location, a licensed charitable gaming facility, during a licensed bingo session at an unlicensed facility, or at a licensed charity fundraising event.¹⁶

A facility may not charge rent to charitable organizations based on the number of patrons that attend a charitable gaming session or a percentage of revenue generated by charitable gaming.¹⁷

Licensed charitable organizations must prominently and conspicuously display the charitable gaming license at any location at which charitable gaming is conducted.¹⁸

Other than at CFEs, more than one charitable organization shall not conduct gaming at the same time and location as another charitable organization.¹⁹

Charitable organizations must conduct all charitable gaming events in the county in which it maintains its office or place of business, but organizations may hold a raffle or CFE in a different Kentucky county, so long as the county where the event is being held is noted on the license.²⁰

Use of Charitable Gaming Funds

Charitable gaming net receipts must be used *exclusively* to benefit the organization’s charitable purpose, and no charitable gaming receipts may be used for the benefit or financial gain of any individual.²¹

²¹ [KRS 238.536\(1\)](#) and [KRS 238.550\(4\)](#)

No one involved in the conduct or administration of charitable gaming may receive any compensation for services related to the charitable gaming activities.²² This includes both direct monetary payments and other benefits, such as reducing membership fees or participation costs based on the number of sessions an individual volunteers.

Personnel

Chairpersons

A “chairperson” is the organization’s chief executive officer (“CEO”) and any officer, member, or employee of a licensed charitable organization who will be involved in the management and supervision of charitable gaming.²³

A chairperson’s responsibilities include²⁴:

- Being in charge of the licensed gaming occasion;
- Supervising and directing all volunteers; and
- Assuring the proper receipt and recording of gaming funds.

An organization’s CEO is automatically a chairperson. The organization must designate at least two chairpersons along with the CEO.²⁵

The organization must ensure that at least one chairperson is present on the premises any time the organization conducts charitable gaming. The chairperson must be responsible for the administration and conduct of the charitable gaming activity and be readily identifiable as a chairperson.²⁶

A person can only serve as a chairperson for one organization at a time.²⁷

Volunteers

Charitable gaming may only be conducted by officers, members, and *bona fide* employees of the licensed charitable organization.²⁸ Charitable organizations may not utilize the services of any management or consultant service to manage or conduct charitable gaming.²⁹

Organizations may utilize volunteers, who are not required to be members of the organization, if each volunteer is readily identifiable as a volunteer.³⁰ All volunteers must be properly trained in the proper conduct of the games and control of funds for which they are volunteering.³¹

Volunteers cannot be compensated by the organization and may not accept any tips. Charitable organizations must take at least one of the following steps to inform the public that volunteers are unable to accept tips:

1. Post signs in a conspicuous location that volunteers are not permitted to accept tips;

2. State prominently on the charitable gaming session program that volunteers are not permitted to accept tips; or
3. Announce during the charitable gaming session that volunteers are not permitted to accept tips.³²

Volunteers who volunteer at more than four sessions per week or more than four special limited charity fundraising events per year will be presumed to be receiving compensation.³³

Licensed charitable organizations may provide certain benefits to volunteers, which must be reported as charitable gaming expenses on the organization's financial report.³⁴ These benefits include:

1. Food or drink valued at up to \$15, which must be consumed on the premises.
2. Articles of clothing worn by volunteers which identifies them as volunteers.
3. A noncash item valued at \$25 or less given to volunteers upon achievement of predetermined goals in the conduct of a raffle.³⁵

Volunteers are limited on whether or when they may play the games that the charity is conducting:

- Pulltabs: Volunteers may not purchase or play pulltabs during the session they work, unless the pulltabs are sold during a CFE, in which case a volunteer may purchase and play pulltabs on days they do not work and from deals they do not sell.³⁶
- Bingo: Volunteers may play bingo during a session they work, but only after the volunteer's duties for the night are complete. Once a volunteer starts playing bingo, the volunteer cannot volunteer again during that session.³⁷
- Raffles: There is nothing in Kentucky charitable gaming law that prohibits volunteers from purchasing a raffle ticket, but the Department recommends that organizations not allow its raffle volunteers to purchase tickets due to the appearance of impropriety if a volunteer were to win the drawing.

House Rules

"House rules" means those rules concerning charitable gaming that organizations that are in addition to state statutes, regulations, and manufacturer rules for games. Organizations may impose and enforce house rules as long as the house rules:³⁸

- Are posted in at least two conspicuous locations at the gaming session and announced prior to the commencement of the gaming session, or be listed on the program;
- Do not conflict with the statute or administrative regulations;
- Are followed; and
- Include the organization's name and license number.

Advertising

All advertisements regarding charitable gaming must contain the name and license or exemption number of the charitable organization.³⁹

Organizations may not advertise a bingo prize in excess of \$5,000 per 24-hour period.⁴⁰

Licensed manufacturers, distributors, and facilities may not provide advertising or marketing services for licensed charitable organizations.⁴¹

Inspections

A compliance officer, investigator, auditor, or any other employee authorized by the Department may, to ensure compliance with all statutes and administrative regulations relating to charitable gaming, inspect the conduct of gaming of any exempt charitable organization or any licensed charitable organization, manufacturer, distributor, or facility.⁴²

Supplies and Equipment

Definition

"Charitable gaming supplies and equipment" means any material, device, apparatus, or paraphernalia customarily used in the conduct of charitable gaming.

Any material, device, apparatus, or paraphernalia incidental to the game that may be purchased from normal sources of supply (e.g., something that can be purchased at Walmart or Staples) is not considered charitable gaming supplies or equipment.

Purchasing Charitable Gaming Supplies

Charitable gaming supplies and equipment must be purchased from a licensed charitable gaming distributor.⁴⁵ A charitable organization may purchase supplies and equipment from multiple distributors.

Licensed charitable organizations may not accept merchandise prizes donated by any individual affiliated with a licensed manufacturer, distributor, or facility.⁴⁶

An organization that wants to challenge a distributor's invoice must do so within seven days of delivery.⁴⁷ Any challenge to an invoice must be made in writing to the distributor and a copy must be sent to the Department.⁴⁸

A licensed charitable organization must maintain a separate bank account dedicated exclusively to charitable gaming, and all charitable gaming supplies and equipment must be purchased with funds from the organization's charitable gaming account.⁴⁹

Delivery and Storage

A distributor may deliver gaming supplies to an agreed secure location or to an identified person.⁵⁰ If a distributor delivers supplies to a person, the person receiving the supplies for the organization must sign the invoice.⁵¹ If the distributor delivers to a location, it must be secure (e.g., a distributor may deliver charitable gaming supplies into an organization's storage locker).⁵²

Charitable organizations must maintain gaming supplies in a location separate from another organization's gaming supplies. This location must be locked, and access must be controlled.⁵³ The Department does not consider an area to be "controlled" if someone can get in the storage area with little effort.

A distributor representative may have a key to an organization's locked storage area if that is the organization's agreed place for delivery.⁵⁴

Defects and Recalls

If your organization discovers a defect in any charitable gaming supply, immediately notify the Department and your distributor as soon as possible.⁵⁵

If a defect in packaging or construction of a paper pulltab is discovered by an organization, the defect shall be reported to the distributor within 15 days.⁵⁶ The manufacturer, distributor, and Department will

LICENSING

Exempt Organizations

All charitable gaming in Kentucky must be conducted by organizations with a charitable gaming license or exempt status conferred by the Department of Charitable Gaming. In order to be eligible for an exemption, a charitable organization must meet the same licensing requirements as a licensed organization.⁵⁷

Although the eligibility requirements are the same, the differences between licensed and exempt organizations are explained in the chart below. In general, licensed charitable organizations have more available options, but exempt organizations have fewer fees and reporting requirements. Consider the differences in the charge below to determine which is more appropriate for your charitable organization before submitting an application:

Exempt Organizations	Licensed Organizations
Limited to \$25,000 in total gross receipts per year	No limit on total gross receipts
Not required to pay the Department a fee on gross receipts from charitable gaming	Must pay the Department a fee equal to 0.628% of gross receipts from charitable gaming
Files one simple annual financial report	Most are required to file detailed quarterly financial reports
May conduct bingo, raffles, and charity fundraising events, but prohibited from conducting gaming with pulltabs or special limited games	May conduct bingo, raffles, pulltabs, charity fundraising events, and special limited charity fundraising events.
Does not have to reapply each year as long as the financial report is filed	Must re-submit an application on Form CG-APP-ORG each year to renew the license

An organization seeking exemption must submit Form CG-APP-EXE at least 30 days prior to the expected start of its charitable gaming activity, along with a non-refundable fee of \$25.⁵⁸ The Department will review the application and notify the applicant within 30 days of any deficiencies. If identified deficiencies are not cured within 30 days from the notice, the application will be withdrawn.⁵⁹

Once the exemption is granted, the charitable organization must notify the Department of any changes in the exempt status of the charitable organization within 30 days.⁶⁰

Annual Financial Reports

Exempt organizations must file an annual financial report with the Department before January 31 of each year. This report shall be filed on Form CG-FIN-EXE and may be filed electronically.⁶¹

⁵⁷ [KRS 238.535\(1\)](#)

⁵⁸ [KRS 238.535\(2\)](#) and [820 KAR 1:005, Sec. 6\(1\)](#)

⁵⁹ [820 KAR 1:005, Sec. 6\(3\)](#)

⁶⁰ [820 KAR 1:005, Sec. 6\(5\)](#)

⁶¹ [820 KAR 1:005, Sec. 6\(6\)](#)

Exemptions are automatically renewed each year, but the exemption will be rescinded if the charitable organization fails to file its annual financial report by January 31.⁶²

A charitable organization that has had its exemption revoked for any reason shall pay a nonrefundable reinstatement fee of \$25 with any application or request for reinstatement.⁶³

Transition from Exemption to Licensure

If an organization exceeds the limit of \$25,000 in gross gaming receipts per calendar year it must:

1. Report the amount to the Department
2. Apply for a charitable gaming license retroactive to the date the \$25,000 limit was exceeded.⁶⁴

An exempt organization that exceeds the \$25,000 limit and becomes a licensed organization may not return to its exempt status for at least two years.⁶⁵

License Application Process

Eligibility Requirements

- Meet the statutory requirements established by [KRS 238.535](#) (see page 9)
- Pay all fees and any outstanding fines;
- File all required reports;
- File an acceptable financial plan, if previously ordered to do so;
- Comply with all terms of any existing settlement agreements or probationary terms; and
- Submit fingerprint cards, if needed.⁶⁶

Timeline of the Application Review Process

- Charitable organizations must apply for a license by submitting Form CG-APP-ORG at least 60 days prior to the start of gaming or at least 60 days prior to the expiration of an existing license.⁶⁷
- DCG's licensing staff will review the application as soon as possible after the application is submitted to determine if the application is complete or if there are deficiencies that must be addressed. If there are deficiencies, the Department will notify the applicant in writing of any deficiencies.⁶⁸
- The applicant must respond to the notice of deficiency within 30 days after receiving the notice or the application will be withdrawn.⁶⁹
- If the applicant's response to a deficiency request does not cure the identified deficiency, the Department shall issue a subsequent deficiency notice. If the deficiency is incapable of being cured, the Department will deny the license.⁷⁰

- The application is complete when all deficiencies are cured. Once the application is complete, the Department must grant or deny the license within 60 days.⁷¹
- A charitable gaming license is valid for one year from the date it is issued.⁷²

General Tips for Completing and Submitting the Application

- Send the \$25 processing fee with the application. Your organization will be invoiced for the remaining fee and the fingerprinting and criminal history charges after the application is processed.
- If a question on the application does not apply to your organization, mark this “N/A” rather than leaving it blank. This affirmatively tells the licensing staff that the question does not apply to your organization, not that you forgot to answer the question.
- Make sure all officers of the organization, as shown in the by-laws for your organization, are listed on the license application.
- When listing a chairperson, make sure to check the appropriate box indicating whether the chairperson is a member, officer, or employee of the organization.

Criminal History Background Check

Applicants for organization licenses are subject to a state criminal history background check and may, if deemed reasonably necessary, be subjected to a national criminal history background check with the assistance of the Kentucky State Police and the FBI.⁷³

The criminal history background check applies to:

- CEO, CFO, or director of an applicant
- Chairpersons
- Any individual with a 10% or more financial interest in the applicant; and
- The applicant itself.⁷⁴

The Department may require certain individuals affiliated with an applicant to undergo fingerprinting analysis. The Department may charge a reasonable fee not to exceed the actual cost of fingerprinting and records searching.⁷⁵

An organization may not be licensed or maintain a license if an officer or chairperson of the organization, or the organization itself, has been convicted within the last 10 years of:

- A gambling offense,
- Fraud,
- Forgery,
- Theft,
- Falsifying business records,
- Diversion of charitable gaming funds, or

Office Inspections

Once the licensing staff has approved the organization's application, a compliance officer will contact the organization to schedule an office inspection.

An organization's primary office location means the land and building in and upon which a charitable organization conducts the majority of its charitable business. An organization's primary office location shall not include any physical space shared with a bar, restaurant, convenience store, or other commercial retail business.⁷⁷

An applicant for a license or an exemption shall be able to demonstrate the existence of their office or place of business by:

- Contracts or leases
- Utility bills
- Records maintained by the parent organization
- Bank records
- Other similar documents.⁷⁸

Any such records shall be accessible to the Department for inspection.⁷⁹

The inspection will be completed by appropriate Department personnel who shall file a report stating the results of the inspection performed.⁸⁰

Fees

All applicants for a charitable gaming license or exemption must submit payment of a \$25 application fee.⁸¹ There is no annual fee for an exempt charitable organization. For licensed charitable organizations, the annual license fee is based upon the organization’s annual gross receipts from charitable gaming. If the license is granted, the \$25 application fee will be credited toward this fee.⁸²

Annual Charitable Gaming License Fees	
Gross Receipts	Fee
Less than \$100,000	\$100.00
More than \$100,000 but \$250,000 or less	\$200.00
More than \$250,000	\$300.00
Other Fees Related to a Charitable Gaming License

Criminal Background Check	\$20.00
Fingerprint Analysis	Fee assessed by Identogo
CFE Application	\$25.00
Day, Time, or Location Change	\$25.00
Raffle Drawing Change	\$25.00
Officer, Chairperson, or Other Personnel Change	Subject to KSP and FBI fees, if applicable

Change Requests and Cancellations

Licensed charitable organizations must conduct charitable gaming according to the date, time, and location stated on the license.⁸³ An organization that conducts charitable gaming that is not listed on its license or that fails to conduct an event that is listed on its license may be subject to fines or other administrative penalties.

A licensed charitable organization may submit a written change request to change any information contained in the license application or printed on the license. All change requests shall be accompanied by a \$25 change fee and be signed by an officer. The Department will process change requests and issue or deny an amended license within 10 days of receipt, and the licensee shall not engage in gaming until a license reflecting the change request has been issued.⁸⁴

If a licensed organization wants to change the date, time, or location of a previously licensed raffle drawing, the organization may do so by submitting a written request to the Department at least 30 days prior to the drawing.⁸⁵

For all other charitable gaming sessions or events, a licensed charitable organization may change the date, time, or location by submitting a written request to the Department at least 10 days prior to the date of the requested change and a copy of the lease, if required, for the new gaming location.⁸⁶

If a charitable organization wishes to cancel a charitable gaming session, the organization shall notify the Department, in writing, at least 24 hours prior to the scheduled start of the charitable gaming session. If the organization must cancel an event due to an emergency beyond the organization's control, the organization shall notify the Department of the cancellation as soon as practicable. There is no charge for cancelling a charitable gaming event.⁸⁷

RAFFLES

A raffle is a game of chance in which a participant is required to purchase a ticket for a chance to win a prize and the winner is determined by a random drawing.⁸⁸

Raffles are the most commonly conducted type of charitable gaming in Kentucky, and most organizations find them to be the easiest type of charitable gaming to conduct.

Raffle Ticket Construction

All raffle tickets, regardless of their sale price, must have either a detachable section or a duplicate ticket to be given to the ticket purchaser. All tickets must be consecutively numbered.⁸⁹

If a raffle ticket costs \$5 or less, the organization may sell “strip tickets” that only contain the consecutively numbered identifier and provide the purchaser with a detachable section, as seen below:

Strip tickets are not allowed if the raffle ticket costs more than \$5. If the ticket costs more than \$5, additional information must be printed on the ticket.

⁸⁸ [KRS 238.505\(7\)](#)

⁸⁹ [820 KAR 1:050, Sec. 2\(2\)](#)

The chart below shows the ticket construction requirements for both strip tickets and tickets sold for \$5 or more.⁹⁰

Strip Tickets (\$5 or less)	Other Tickets (More than \$5)
<ul style="list-style-type: none"> • Detachable section or duplicate ticket • Consecutively numbered 	<ul style="list-style-type: none"> • Detachable section or duplicate ticket • Consecutively numbered • Space for purchaser’s name • Space for purchaser’s complete address • Space for purchaser’s telephone number • Date and time for drawing • Location of drawing • Name of charitable organization • Charitable gaming license number • Price of the ticket • Each prize to be awarded with fair market value over \$500

Although the Department does not have jurisdiction to enforce federal law, organizations should keep in mind that federal law prohibits sending lottery tickets or similar instruments through the mail.⁹¹ If organizations sell raffle tickets in a manner other than hand-to-hand sales (e.g., via a website or email), the organization is still required to provide the purchaser with a duplicate ticket and can do so by emailing a receipt with all of the information contained in the chart above.⁹²

Ticket Sales

Tickets for a raffle must be sold separately, and each ticket must constitute a separate and equal chance to win.⁹³

All raffle tickets must be sold for the price stated on the ticket, and organizations cannot require someone to purchase more than one ticket or to pay for anything other than a ticket to enter a raffle.⁹⁴

Tickets must be sold for the same price and cannot be discounted (e.g., selling single tickets for \$1 apiece or offering a package of 6 tickets for \$5) unless the tickets are being sold entirely during a CFE or using an approved electronic raffle system purchased from a licensed distributor and created by a licensed manufacturer.⁹⁵

Drawings

Location of the Drawing

All raffle drawings must take place at the date, time, and place announced in advance or printed on the ticket and printed on the organization's charitable gaming license.⁹⁶

If the location of the raffle drawing needs to be changed or is not included on the organization's existing charitable gaming license, the organization must notify the Department in writing at least 30 days before the drawing of the new location.⁹⁷ If the organization has to postpone a raffle drawing, it must make all reasonable efforts to notify ticket holders of the new drawing date.⁹⁸

Unlike bingo and pulltab sales, licensed and exemption charitable organizations are not required to hold raffle drawings in the county in which their charity's office is located and may hold raffle drawings in other Kentucky counties after notifying the Department and updating the charitable gaming license.⁹⁹

Observation of the Drawing

Organizations must allow any person holding a raffle ticket to observe the raffle drawing.¹⁰⁰

Organizations may allow purchasers to observe the drawing by livestreaming the drawing if they give ticket purchasers instructions for viewing the drawing at the time tickets are purchased.¹⁰¹

Conducting the Drawing

Before conducting the drawing, the organization must ensure that:

- Every ticket seller has returned all the stubs or other detachable sections or duplicates of all tickets sold;
- All of the stubs or duplicates are in the receptacle before the drawing; and
- The receptacle is designed so that all tickets have an equal chance of being drawn as the winner.¹⁰²

Prizes

All prizes for a raffle must be identified in advance of the drawing, and all prizes identified must be awarded.¹⁰³

If an organization is raffling real estate or personal property, the organization must be able to transfer and deliver the prize without lien or interest of others.¹⁰⁴

If the prize to be awarded is the jackpot of a progressive raffle board, the charitable organization's charitable gaming session records shall report in the gross receipts total all startup cash, monies derived from the raffle ticket sales, and any other contribution to the jackpot.

Organizations may require the winner to be present at the drawing and may draw tickets until a winner claims the prize if:

- The raffle tickets sell for \$5 or less; or
- The raffle sales are initiated and concluded and all winners are selected at a licensed charity fundraising event (including special limited charity fundraising events).¹⁰⁵

For raffles not held as part of a CFE and for which tickets cost more than \$5, organizations cannot require the winner to be present at the drawing.¹⁰⁶ If the winner is not present to claim the prize, the charitable organization must follow these steps:

1. Within seven days of the drawing, the organization must notify the winner that he has won the prize and has 30 days to claim it.¹⁰⁷ (This notification is not required to be sent by certified mail, but in order to award the prize to someone else if the winner never claims it, the organization must first attempt to notify the winner by certified mail).
2. If the winner still does not claim the prize after the organization sends a notification by certified mail, or if the organization discovers the raffle winner is ineligible by law to claim the prize (e.g., the prize is a firearm and the winner is a convicted felon), the charitable organization shall notify the Department.
3. After notifying the Department, the organization may draw another ticket in the presence of Department personnel and repeat this process until the prize is awarded.¹⁰⁸

If a raffle winner decides to donate the prize back to the charitable organization, the charitable organization must also obtain a written statement of the winner's intention within 30 days. A charitable organization shall not accept the donation to the charitable organization of a prize won if doing so would violate KRS 238.540 (i.e., if the raffle winner donating the prize is an employee, affiliate, or family member of a licensed manufacturer, distributor, or facility).¹⁰⁹

Progressive Raffles

If a paper pulltab game contributes to a progressive raffle jackpot, a licensed charitable organization shall not sell a similar version of that paper pulltab game unless it also contributes to a progressive raffle jackpot. All paper pulltab game tickets that contribute to a progressive raffle jackpot shall be sold for cash and shall not be used as a merchandise prize for any bingo, pulltab, or door prizes.¹¹⁰

If the prize to be awarded is the jackpot of a progressive raffle board, the charitable organization's charitable gaming session records shall report in the gross receipts total all startup cash, monies derived from the raffle ticket sales, and any other contribution to the jackpot.

Electronic Raffles

Organizations may conduct raffles online using electronic raffle systems. Organizations using electronic raffle systems must ensure that the software has been:¹¹¹

- Manufactured by a licensed manufacturer;
- Purchased, leased, or otherwise obtained from a licensed distributor;
- Tested and certified by an independent lab; and
- Approved for use by the Department.

An electronic raffle system is defined as "computer software and related equipment used by raffle licensees to sell tickets, account for sales, and facilitate the drawing of tickets to determine the winners."¹¹² Charitable organizations may only use an unapproved online platform to facilitate the sale of raffle tickets if the system does not also determine the winner and the charity prints paper tickets, draws the winner from a physical receptacle, and otherwise follows all provisions of the raffle regulations.

Charitable organizations that sell electronic raffle tickets must provide the purchaser with an electronic communication with all information required for paper tickets (see the Raffle Ticket Construction section above).¹¹³

A raffle must be entirely conducted with traditional paper tickets or entirely conducted using an electronic raffle system; it cannot be a mixture of both.¹¹⁴

BINGO

Bingo is one of the most popular forms of charitable gaming available to organizations in Kentucky. Bingo is played by randomly selecting bingo balls, numbered 1-75, out of a selection device until someone wins by covering the called numbers on his bingo sheet to match a particular pattern.

Bingo Limitations

Session Limits: A “bingo session” means “a single gathering at which a bingo game or series of successive bingo games are played, excluding bingo played at a charity fundraising event.”¹¹⁶ Charitable organizations are limited to:

- One bingo session per day for up to five hours.¹¹⁷
- Two bingo sessions per week, which cannot exceed 10 total hours (excludes bingo played at a licensed CFE).¹¹⁸

Charitable organizations may not conduct bingo at the same time and location that another organization is conducting charitable gaming, except for licensed charity fundraising events.¹¹⁹

Prize Limits: Charitable organizations may not award more than \$5,000 in bingo prizes during a 24-hour period. This includes the value of door prizes and merchandise prizes.¹²⁰

¹¹⁹ [820 KAR 1:042, Sec. 13\(4\)](#)

¹²⁰ [KRS 238.545\(1\)\(a\)](#)

Age Limits: No person under the age of 18 can purchase bingo supplies. No person under the age of 18 can play bingo unless the organization permits them to play. If the organization allows minors to play bingo, they may only play if they are accompanied by a parent or legal guardian and may only play for non-cash prizes valued at \$10 or less.¹²¹

All players must be physically present at the location where the bingo game is held in order to play the game or claim a prize.¹²²

Bingo Equipment

Terminology

- Bingo Ball: A ball imprinted with numbers and letters that is used in the selection process of a bingo game. This includes bingo balls generated by a random generator.¹²³
- Bingo Machine: A type of selection device with a receptacle for unselected bingo balls, a blower for selecting, and a ball tray that contains 75 holes in which to place the ball once it is called; or a generator that randomly selects the balls and displays them on the face of the device.¹²⁴
- Flashboard (or Display Board): A board that displays the bingo numbers called.¹²⁵
- Selection Device: A device that may be operated manually or automatically and is used to randomly select bingo numbers.¹²⁶
- Selection Pool: The bingo numbers in a selection device that have not been selected.¹²⁷ For example: the balls remaining in the blower or the balls that have not been selected by the random generator.

Bingo Balls

The Department recommends that organizations keep an extra set of bingo balls. If an organization keeps a second set, it cannot be kept at the bingo caller's stand and must be stored with the organization's charitable gaming supplies.¹²⁸

All bingo balls used in the machine or other device must:

- Be of the same size, shape, weight, and balance;
- Have all other characteristics that control their selection the same; and
- Be clean and free of defects.¹²⁹

Bingo ball machines and other selection devices, flashboards and other display devices, and other bingo equipment used in the selection and display of game numbers shall be made available for inspection or testing by the Department at any reasonable time.¹³¹

An organization shall not use a selection or display device with a defect that was apparent at the beginning of the session.¹³² If an organization discovers a defect in any bingo equipment, the organization should contact the Department and the distributor from which it purchased or leased the equipment.

Bingo Paper

Terminology

- Bingo Paper Pack: A group of bingo paper sheets that are manufactured, collated, and sold by the manufacturer as a unit.¹³³
- Bingo Paper Package: A group of bingo paper sheets or packs that are assembled together by an organization for sale at a charitable gaming session that becomes a unique item for sale with a specific price.¹³⁴

The charitable gaming session program must contain:

- The charitable organization's name and license number.¹⁶⁴
- A specific description of all bingo products for sale and the price of each product.¹⁶⁵
- All bingo games played and the payout and alternate payout, if any, for each game; and¹⁶⁶
- The pattern or arrangement of squares to be covered to win the game.¹⁶⁷

Organizations are required to take measures to notify players that tipping is not allowed, and one option is to include that notice in the charitable gaming session program.¹⁶⁸

Rules of Play

Terminology

- "Selected" means a bingo number that has been obtained by the selection device and is ready to be called next by the bingo caller.¹⁶⁹
- "Called" means that a number on a bingo ball has been selected by the selection device, verbally announced by the caller; displayed on the flashboard or other display device; and placed in a ball tray or otherwise continuously displayed until completion of the bingo game.¹⁷⁰
- "Cover" means to daub or smear with indelible ink a square, or mark it electronically if using a card-minding device.¹⁷¹

Steps for Conducting a Standard Bingo Game

1. **Verify the balls.** Every ball in the bingo machine or other selection device shall be displayed for verification at the commencement and at the completion of each bingo session.¹⁷² This ensures

that all 75 balls will go into the selection device, and nothing but those 75 balls will go into the selection device.

2. **Announce the prize and winning pattern.** Before calling the first number in a game, the caller must announce the prize to be awarded and pattern or arrangement of squares to be covered to win the game.¹⁷³
3. **Turn off or put away cell phones.** Bingo callers must turn off cell phones and other personal electronic devices at the caller stand while engaged in the calling of a bingo game.¹⁷⁴
4. **Call and select balls** until someone claims a bingo. For each ball selected, the caller must:
 - a. Clearly announce the number;
 - b. Display the ball or other device used in a manner allowing the players to see the number (not applicable to speed games);
 - c. Place the ball in a ball tray or other device to ensure that it cannot be selected again; and
 - d. Enter each number/letter selected on the flashboard.¹⁷⁵
5. **Verify the winner.** Someone wins a bingo game when a player covers the preannounced pattern of squares on her card.¹⁷⁶ A card must be marked before it can be verified. When a player covers the squares needed to win the game, the player must notify a volunteer, the chairperson, or caller that the player has a winning bingo combination.¹⁷⁷ It is the player's responsibility to notify a volunteer, chairperson, or the caller that the player has a winning bingo combination.¹⁷⁸ When a player declares a winning bingo, the organization must take the following steps to verify the winner:
 - a. Stop the game. The game shall be stopped before the next number is called. If the next number has been selected, it shall be secured to ensure that if the declared "bingo" is invalid, the game will continue.
 - b. Verify the winning bingo. All bingo games must have a verification system provided by the manufacturer, which may be an electronic verifier or a verifier book. If an electronic verifier or verifier book is used, a volunteer for the charitable organization shall show the winning face to a neutral player (i.e., a player other than the claimed winner), and call back the perm number while in front of the neutral player.
 - c. The caller shall ask at least twice if there are any other winners before announcing the close of the game, or before closing that part of the game if it is a continuation game.¹⁷⁹
6. **Award the prize.** Each bingo winner shall be determined and every prize shall be awarded and delivered on the same day on which the bingo was conducted.¹⁸⁰ If more than one winner is declared in a bingo game, cash prizes shall be divided equally among the verified winners, and if the prize is a non-cash prize that cannot be divided equally among the winners, prizes of proportionate value must be awarded.

If a bingo session is cancelled once it is commenced, a charitable organization may refund a portion of the purchase price of the bingo paper or card-minding device. A charitable organization shall not continue the session or award the prizes at a later date.¹⁸¹

Alternative Bingo Games

In addition to a standard bingo game, Kentucky law allows organizations to play certain variations of bingo, which are described below:

Pickle Jar, Bonanza Ball, and Hot Ball

"Pickle jar, bonanza ball, or hot ball" means games played in conjunction with other bingo games in which a bingo ball is selected by the selection device prior to the start of certain bingo games or all bingo games; and a patron is awarded the amount of money associated with the pickle jar, bonanza ball, or hot ball, if the selected bingo ball is called, and because of that selected ball being called, a patron wins the bingo game being played.¹⁸²

When an additional prize is to be awarded if a patron wins on a certain number, the rules of play, the maximum payout, and cost to enter shall be listed on the bingo program. These numbers may be selected and posted before the first game is called.¹⁸³

Break Open Bingo (or "Bonanza Bingo")

"Break open bingo" is a bingo game in which the numbers on the face are hidden until after purchase.¹⁸⁴

The game begins when, in the presence of players attending the bingo session, the charitable organization calls and posts, either manually or by use of a flashboard, a predetermined quantity of randomly selected bingo numbers from a selection device or a separate bingo number container. If a flashboard is used, these numbers shall be posted on a board separate from the regular bingo board unless the regular board is capable of keeping track of these numbers separately. The balls shall then be placed back into the selection pool until the game is played on the program.¹⁸⁵

Sealed bingo paper sheets for a break-open game may be sold throughout the bingo session. Additional bingo paper sheets for a break-open game shall not be sold after the charitable organization resumes calling letters and numbers when the game is played on the program.¹⁸⁶

If the charitable organization allows players to trade break open bingo faces for new faces, two sets of the game faces must be maintained. One set will be known as the "original set" and must be of a different serial number than the second set, known as the "trade-in" set.¹⁸⁷

¹⁸⁶ [820 KAR 1:042, Sec. 16\(2\)](#)

¹⁸⁷ [820 KAR 1:042, Sec. 16\(4\)](#)

A charitable organization shall list on the bingo program the price of the original set and the trade-in set.¹⁸⁸

Player Pick Bingo

"Player pick bingo" is a variation of bingo in which the patron picks the numbers that constitute a bingo on his face or faces, and a machine prints those numbers on the bingo face before the game is played.¹⁸⁹

The player selects numbers between 1 and 75. A player shall not select more than five numbers in each column. The player may allow the machine to select the numbers.¹⁹⁰ Duplicate numbers shall not be played on a purchased face. If duplicate numbers appear on a face, the card shall be void.¹⁹¹

The price of each face and the amount of numbers that will be chosen shall be listed on the bingo program.¹⁹² The numbers must be daubed as the balls are called when the game is played as listed on the bingo program.¹⁹³

A player wins if he or she is the first person to cover the numbers.¹⁹⁴

Continuation Games

A continuation game is a multipart bingo game in which more than one game with more than one pattern may be played on one bingo paper sheet.¹⁹⁵

Multiple patterns may be played on one bingo face. Each portion of the continuation game shall be considered a single bingo game even though the bingo balls are not returned to the selection pool after a winner is determined and verified.¹⁹⁶

Each winning pattern is verified independently.¹⁹⁷

Progressive Bingo

"Progressive bingo" means a bingo game in which the value of the prize is carried forward to the next bingo session if no player wins at that session.¹⁹⁸

Progressive games or prizes connected to a bingo game or conditioned on winning a bingo game shall be permitted only if prizes awarded on progressive games are included in the prize limit established in [KRS 238.545\(1\)](#), regardless of the method by which a player is eligible to participate.¹⁹⁹

¹⁹⁸ [820 KAR 1:042, Sec. 1\(20\)](#)

¹⁹⁹ [820 KAR 1:042, Sec. 19\(1\)\(a\)](#)

The charitable organization shall be responsible for ensuring that the value of any progressive bingo game prize, when added to the values of the other prizes of the same date or session, does not exceed the statutory prize limit.²⁰⁰

All receipts on progressive bingo games shall be reported to the Department as gross receipts for the date collected pursuant to [KRS 238.550](#).²⁰¹

Once a progressive bingo game has been started, the game shall be played in the same manner at every session until the prize is awarded. The jackpot prize shall be offered at each successive bingo session for that charitable organization until the jackpot prize has been won.²⁰²

Lucky Ball

Lucky Ball bingo is similar to a standard bingo, except players have the option to purchase their lucky number (1-75) that essentially serves as a free space or wild card wherever that number appears on their paper. Players may cover this square and have it count toward a winning bingo pattern even if the number is not called during the game.²⁰³

Lucky Balls tickets cannot cost more than \$5, and players are limited to one Lucky Ball ticket, which can be used in any game during the session.

Player responsibilities:

- Write their name, Lucky Ball number, and date of purchase on the Lucky Ball ticket.²⁰⁴
- Write their Lucky Ball number in ink on the back of each piece of bingo paper to be put into play.²⁰⁵
- Players must keep the same lucky ball ticket throughout the session and cannot trade, sell, or exchange the Lucky Ball ticket to another player.²⁰⁶

Organization responsibilities:

- Retain proceeds of Lucky Ball sales as part of the gaming proceeds during the session.²⁰⁷
- Retain the carbon copy or electronic duplicate copy of each lucky ball ticket and put these copies in numerical order.²⁰⁸
- Check photo ID of the Lucky Ball ticket purchaser to make sure they have provided their correct name on the Lucky Ball ticket and not traded it during the session.²⁰⁹

Verifying a Bingo: An organization must take the following steps, in addition to the procedure for verifying a winner in a standard bingo game, if the game includes Lucky Ball tickets:²¹⁰

1. If the console or verifier book does not initially verify the bingo based on the perm number, ask whether a Lucky Ball was used.

²⁰⁹ [820 KAR 1:042, Sec. 20\(2\)\(d\)](#)

²¹⁰ [820 KAR 1:042, Sec. 20\(5\)](#)

2. If a Lucky Ball is part of the bingo, the volunteer must call out only the receipt number on the lucky ball ticket in front of a neutral player.
3. The caller consults the volunteer holding the carbon copies of Lucky Ball tickets and verifies that the name on the organization's copy matches the winning player's name and that the lucky ball was written on the back of the player's bingo paper.
4. The caller announces the Lucky Ball number to the monitor and audience while the neutral player is still viewing the ticket.
5. The caller announces the last number called (which may or may not be the Lucky Ball) and the number of bingos for that game and awards prizes to the winner or winners.

Electronic Bingo and Card-Minding Devices

A card-minding device (commonly called a "CMD") or associated site system can be used to play bingo games.²¹¹ A card-minding device is typically a small electronic device connected to the equipment used to run a bingo game that allows a player to store, display, and mark multiple bingo card faces. Each CMD can play up to 72 card faces at a time during any one game of a session.²¹²

The device must be capable of being used with bingo cards or paper sheets at all times.²¹³

Organizations using CMD systems ensure that the system does not allow a CMD to be used to obtain a bingo prize for any bingo game other than for a game within the bingo session for which the card-minding device was sold.²¹⁴

The charitable organization shall reasonably ensure that the internet connection to the site system is operational at all times.²¹⁵

Certification and Defects

An organization cannot use CMDs and electronic bingo systems unless the system has been tested by an independent lab and approved by the Department.²¹⁶ Contact the Department if you need to verify whether a system has been tested and approved.

If a player's card-minding device malfunctions during a bingo game, it may be repaired or the faces transferred to another card-minding device if it will not interrupt the game.²¹⁷

The Department may periodically choose to inspect a CMD or electronic bingo site system. The Department shall be granted reasonable access to the card-minding devices and unlimited inspection of all parts of the site system.²¹⁸

If an organization discovers a defect or problem with a CMD or system that could affect the integrity of

the game, the organization must immediately notify the Department and the distributor that provided the system.²¹⁹ Depending on the nature of the defect, the Department may order a recall of the affected system or that the organization cease gaming with the device or system until the defect is corrected.²²⁰

Player Tracking

A card-minding device system may include player tracking software. Player tracking records shall at all times be the property of the charitable organization and neither the manufacturer nor the distributor shall utilize or make available to any person, other than the Department or as otherwise authorized by law, the information contained within the player tracking software without the express permission of the charitable organization.²²¹

Receipts

The charitable organization shall provide the player with a printed receipt for each sale detailing the transaction. The receipt shall contain, at a minimum, the following information:

- A unique transaction number that is printed in continuous, consecutive order and that cannot be reset or altered;
- The serial number of the card-minding device issued;
- The date and time the receipt was issued;
- The name of the charitable organization and license number;
- A description, quantity, purchase price, and total dollar amount of each item purchased. The organization must make sure that the CMD system does not allow a CMD to be used to obtain a bingo prize for any bingo game other than for a game at the bingo occasion where the CMD was sold.²²²

If the receipt printer malfunctions or printed receipts are not legible, the organization must provide manual receipts that contain the same information.²²³

If a player requests a full or partial refund, the charitable organization must void the original transaction and give the player a new receipt. Voiding the transaction is not required if the player makes additional purchases without requesting a refund of the original purchase.²²⁴ If a voided transaction involves a CMD, the card-minding device shall be connected to the site system to ensure all electronic bingo cards are erased or deactivated.²²⁵

Pre-Loads

If the charitable organization loads the card-minding devices prior to selling them, all unsold card-minding devices shall be voided by the start of the second game.²²⁶

Printing Winning Card Face

If the Department or any player requests verification of a winning card face played on a card-minding device, the session chairperson shall print the winning card face and post it in a conspicuous location where it may be viewed in detail. Winning card faces requested for posting shall remain posted for at least 30 minutes after the completion of the last bingo game at that particular charitable gaming session.²²⁷

The Department recommends printing the winning card face after each game. If the organization does not have the perm number, it cannot print the face later if someone requests verification.

Discounts and Door Prizes

If a charity awards a card-minding device or electronic pulltab device as a door prize or a bingo game prize, the charity must give a patron a voucher that must be completed and include:

- The name, address, and phone number of the patron redeeming the voucher.
- The date on which it was awarded;
- The date on which it was redeemed; and
- The number of card-minding devices and the number of faces loaded on each device, or the number of electronic pulltab devices and credits loaded on each device, if any, given in exchange for the voucher.²²⁸

Once the voucher is completed, the player may redeem it for use of the CMD. No more than one CMD may be redeemed per player per session. The charitable organization shall retain the voucher with its session records.²²⁹

If a CMD is awarded as a promotional item, the description of the promotional package shall be listed on the program with "free" or "promotional" listed as the price. The point of sale shall have a specifically described discount button for this promotion.²³⁰

If a charitable organization offers coupons for bingo paper or a card-minding device, a voucher shall be completed when the coupon is redeemed, and the coupon and the voucher shall be retained with the charitable gaming session records.²³¹

If the charitable organization sells gift certificates for bingo paper or a card-minding device, the receipts for the sale shall be counted as gaming receipts on the day they are received. When the gift certificate is redeemed, a voucher shall be completed, and the gift certificate and the voucher shall be retained with the charitable gaming session records.²³²

A voucher must be redeemed on the same day as awarded.²³³

PULLTABS

General Provisions

Charity game tickets, which are commonly called “pulltabs,” are tickets with a portion concealed—typically with glue or by a perforated tab—that players purchase and open for a chance to win a prize. There are numerous variations of pulltab games, ranging from simple instant-win tickets, to seal card “holder” games, to progressive games with cumulative jackpots. This chapter initially discusses general provisions that apply to all types of pulltab games, and later sections of this chapter will provide specific rules for certain types of pulltab games.

Unless the statute or regulation differentiates between paper and electronic pulltabs, the laws concerning pulltabs apply to both paper and electronic pulltabs.

Terminology

- Charity game ticket or Pulltab: A game of chance using a folded or banded paper ticket, or a paper card with perforated break-open tabs, the face of the ticket is covered or otherwise hidden from view to conceal a number, letter, symbol, or set of numbers, letters, or symbols, and some of these symbols have been designated in advance as prize winners.
- Cumulative Pulltab Game: A pulltab game consisting of multiple pulltab deals or game sets that is designed by the manufacturer so that a portion of each deal's predetermined payout is designated to a prize pool board.²⁴⁰
- Deal: Each separate game or series of pulltabs that have the same serial number and that may be composed of multiple packages.²⁴¹

²⁴⁰ [820 KAR 1:032, Sec. 1\(2\)](#)

²⁴¹ [820 KAR 1:032, Sec. 1\(3\)](#)

- Event Game: A type of pulltab game, with or without a seal card, that is designed by the manufacturer so that certain prizes are determined by the draw of a bingo ball or a method of randomly selecting numbers or symbols that correspond to the numbers or symbols printed on a paper or electronic pulltab.²⁴²
- Form Number: Means a manufacturer’s alphanumeric number that identifies a pulltab payout structure.²⁴³
- Flare: The paper included with a deal of paper pulltabs, or the electronic representation of a paper flare included with a game set of electronic pulltabs, that identifies the game, the rules of the game, the payout structure, and other information required by these regulations.²⁴⁴
- Jackpot Prize, or Progressive Jackpot Prize: A prize in addition to the instant or seal card prizes that is carried over from deal to deal, or game set to game set, until it is won.²⁴⁵
- Jar Ticket: A type of pulltab game ticket that is folded, glued, or stapled.²⁴⁶
- Last Sale: A pulltab game designed by the manufacturer in which a prize is awarded to the person who bought the last pulltab or electronic pulltab in a deal or game set.²⁴⁷
- Multi-packaged Pulltab Deal: A pulltab game consisting of a single deal or game set of not more than 25,000 tickets that is packed or electronically grouped in subsets and in which each subset contributes to a prize pool with or without a prize board “Progressive pulltab game” or “carryover pulltab game.”²⁴⁸

Where Pulltabs May Be Sold

Organizations may only sell pulltabs at the address designated on the license.²⁴⁹ There are additional restrictions concerning where organizations may install electronic pulltab devices (see page 57 of this Manual).

Organizations may sell pulltabs at special limited charity fundraising event at any off-site location.²⁵⁰

Volunteers

Charitable organizations must ensure that all individuals involved in the sale of pulltabs are trained in the proper conduct of the game and control of funds.²⁵⁴

Except for a charity fundraising event, a volunteer at any other charitable gaming session at which pulltabs are sold shall not purchase or play pulltabs at that charitable gaming session. At a charity fundraising event, a volunteer may purchase or play pulltabs on a day the volunteer does not work, and from a deal the volunteer does not sell.²⁵⁵

Age Restriction

No person under the age of 18 is permitted to purchase or open a pulltab.²⁵⁶

For electronic pulltabs, organizations must verify the purchaser's photo ID before selling electronic pulltabs or providing access to an electronic pulltab device. If the facility has electronic pulltabs with self-service kiosks, the charity must verify IDs at the door.²⁵⁷

Rules of Play

There are several variations of pulltab games available for Kentucky charities to play. This section discusses general rules that apply to all paper pulltab games and provides instructions on how to play a common seal card game. Please refer to the other sections for specific rules related to other variations of pulltab games.

Price of Tickets

Charities must sell pulltabs to the public for the price printed established by the manufacturer.²⁵⁸

Information Posted While Deal is in Play

Flare or Seal Cards: Most paper pulltab games come from the manufacturer with a flare card or seal card. This is a paper or card that explains the rules of the game, payout structure, and other information about the game. The charitable organization must post the flare or seal card in the vicinity of the deal and in full and complete view of the players while the deal is in play. For electronic pulltab games, the flare or seal is a feature of the game that players can view by pressing a button on the device.²⁵⁹

A legible poster that lists prizes to be awarded and prizes actually awarded that is posted at the completion of the sale of each separate package can satisfy this requirement.²⁶⁰

If a progressive prize remains unpaid, a licensed charitable organization shall display, in full and complete view of the players and at all times either:

- The jackpot card being played and each seal card contributing to the jackpot prize pool; or

- A legible poster identifying by name, serial number, and form number each deal or game set of pulltabs contributing an amount to the jackpot prize pool.

The poster or seal cards shall remain displayed during bingo sessions or other charitable gaming activities conducted by the organization until the expiration of 15 calendar days after the organization awards the prize. For progressive pulltab games played on an electronic pulltab device, a poster shall be displayed to fulfill this requirement.

If a progressive jackpot prize is not awarded, the organization shall continue to display the poster or seal cards during bingo sessions or other charitable gaming activities it conducts for at least 15 calendar days after the date the organization considers the game closed and retains the prize as its property.

If a progressive prize remains unpaid, a licensed charitable organization shall display, in full and complete view of the players and at all times, the current value of the jackpot.²⁶¹

Packaging and Container

Each paper pulltab deal's package, box, or other container shall be sealed or taped at every entry point at the manufacturer's factory with a tamper resistant seal or tape.

The seal or tape shall be visible under the shrink-wrap or from outside the container and shall be constructed to guarantee that, if the container is opened or otherwise tampered with, evidence of the opening or tampering will be easily detected.

The seal or tape shall include a warning to the purchaser that the deal may have been tampered with if the package, box, or other container is received by the purchaser with the seal or tape broken.

If the deal is packaged in a plastic bag, the entry point shall be completely sealed by the application of heat or adhesive. The warning may be imprinted in the plastic.²⁶²

Paper pulltabs shall not be sold to the public from the original packing box or container. Paper pulltabs shall be removed from the original box or container and mixed by shuffling together prior to sale.²⁶³

If a deal of paper pulltabs is packed in more than one box or container, an individual container shall not designate a winner or contain a disproportionate number of winning or losing tickets. Each package, box, or container shall be placed out for play at the same time unless the deal is designed by the manufacturer to be played in subsets. Those subsets may be placed out for play in succession.²⁶⁴

Defects

Paper pulltabs that have been marked, defaced, altered, tampered with, received in packaging that is not tamper-resistant, or otherwise constructed in a manner that tends to deceive the public or affect the chances of winning or losing, shall not be placed into play. The organization shall notify the Department of Charitable Gaming of the existence of these tickets in writing within 15 days.²⁶⁵

If no future date is anticipated, the licensed charitable organization shall consider the deal or game set closed or completed, declare the winners, and post winning numbers for 15 days with information directing the method of claiming a prize at its office location. All unsold pulltabs shall be retained pursuant to subsection (15) of this section.

If no winning pulltabs remain in the paper deal, the licensed charitable organization may consider the deal closed or completed, declare the winners, and shall retain unsold pulltabs pursuant to subsection (15) of this section.

A licensed charitable organization shall not complete play of a deal, game set, or a seal card it did not initiate.²⁶⁶

Verifying a Pulltab

Before placing a deal into play, the charitable organization shall verify that the serial number on the paper pulltabs within each deal matches the serial number on the flare or seal card accompanying the deal by conducting a random sampling of pulltabs within each deal. If the charitable organization determines that serial numbers on tickets within a deal or game set do not match the serial number on the flare or seal card accompanying the deal or game set, the organization shall not place the deal or game set into play and shall notify that distributor. If the distributor does not correct the problem within 30 days, the organization shall notify the Department in writing.²⁶⁷

In playing paper pulltabs that utilize a seal card, a charitable organization shall not award a prize to the holder of a winning pulltab unless the serial number on the ticket presented for redemption matches the serial number on the seal card. In a progressive pulltab game, the serial number on the tickets shall be checked in accordance with Section 6 of this administrative regulation.²⁶⁸

Prizes

In a progressive pulltab game, the serial number on the tickets shall be checked in accordance with Section 6 of this administrative regulation.²⁶⁹

For jackpot prizes of \$250 or over, the organization shall attach a copy of the valid state identification card that[which] contains the name, address, date of birth, and state identification number of the winner to the jackpot prize card.²⁷⁰

The point of sale shall have a specifically described discount button for this promotion.²⁷²

If a paper pulltab or electronic pulltab device is awarded as a bingo prize, the person in charge of bingo payouts shall purchase the pulltabs or electronic pulltab device and any credits loaded to the device from the pulltab manager by transfer of cash from bingo payout to pulltab sales, and it shall be recorded as a sale on the charitable gaming session records.²⁷³

CHARITY FUNDRAISING EVENTS (“CFEs”)

Basics of CFEs and SLCFEs

A **charity fundraising event (“CFE”)** is a fundraising activity of limited duration at which games of chance approved by the Department are conducted.

CFEs must also include activities or events that attract patrons for community, social, and entertainment purposes other than charitable gaming, such as fairs, festivals, carnivals, bazaars, and conventions.³⁵⁸ This means that charitable gaming is not the main focus of the event: the gaming activities must occur along with the other event activities.

Licensed charitable organizations conducting a CFE may conduct the following games:³⁵⁹

- Bingo
- Raffles
- Charity game tickets (paper and electronic)
- Special limited games (see below for further explanation)
- Wagering on prerecorded horse races
- Other games of chance with approval of the Department.

A **special limited charity fundraising event (“SLCFE”)** is a type of CFE, typically called a “casino night” or “Monte Carlo night,” at which the predominate number of games offered for play as special limited charitable games. Special limited games are:

- Roulette
- Blackjack
- Poker
- Keno
- Money wheels
- Baccarat
- Pusher-type games
- Dice games in which the player competes against the house

Organizations must ensure that no person under age 18 plays any special limited games.³⁶⁰

Since an SLCFE is a type of CFE, the rules governing CFEs apply to SLCFEs unless the statute or regulation makes a distinction.

* SCLFEs count toward an organization's eight allowed CFEs

Licensing Requirements

Organizations must first obtain a charitable gaming license or exemption in order to conduct a CFE. In addition to an ordinary charitable gaming license, licensed charitable gaming organizations must obtain a separate charity fundraising event license to host a CFE.³⁶⁵ This form must be submitted at least 30 days prior to the scheduled date for a charity fundraising event on Form CG-APP-ORG-CFE.³⁶⁶

A CFE license is not required to conduct a noncash prize wheel game in which the prize is valued at \$100 or less. This includes cake wheels or walks.³⁶⁷ These events may be added to an organization's ordinary charitable gaming license.

Each application for licensure under this administrative regulation shall be accompanied by a:

- \$25 fee, and
- Copy of the executed lease for the charitable gaming facility, if applicable.³⁶⁸

Permissible Locations for CFEs

A charitable organization may hold a CFE or SLCFE on its own premises, at a licensed charitable gaming facility, or at an unlicensed charitable gaming facility. Organizations must ensure that the date, time, and location of the event is stated on the organization’s license and the license is prominently displayed at the event. Unlike with bingo and pulltabs, a charitable organization may hold a CFE in any Kentucky county and is not limited to the county in which its office is located.³⁶⁹

The table below shows how many CFEs, CFEs with special limited games, and SLCFEs can be hosted on an organization’s own premises, at a licensed facility, and at an unlicensed facility each year. Note that these restrictions are in addition to the maximum number of CFEs and SLCFEs allowed for each charitable organization.

Where CFEs and SLCFEs May Be Conducted

Type of Event	Events Allowed Per Location		
	Organization’s Own Premises	Licensed Facility	Unlicensed Facility
CFEs	8 per year per organization ³⁷⁰	No limit	No limit
CFEs with Special Limited Games	8 per year per organization ³⁷¹	1 per week, 7 per year ³⁷²	No limit
SLCFEs	2 per year per organization ³⁷³	1 per week, 7 per year ³⁷⁴	1 per year* ³⁷⁵

* In addition to the limit of one SLCFE per year for unlicensed facilities, an organization hosting an SLCFE at an unlicensed facility must ensure that the facility is either closed to the general public or the SLCFE event is held in a separate room not accessible to the public, that the equipment used for the SLCFE is removed within two working days of the event, and that the prohibitions on licensed facility owners, officers, employees, contractees, and affiliates found in KRS 238.555(3) are followed.³⁷⁶

Advertising and Pre-Registrations

Organizations may not advertise or accept preregistrations for a CFE until the Department has issued the license for the event.³⁷⁷

Once a license is issued, players may preregister for the event prior to the day of the event if payment is

received by the charitable organization.³⁷⁸

Special Considerations for Gaming Conducted at CFEs

Bingo

Bingo conducted at a CFE does not count as one of an organization's two weekly bingo sessions.

Cash prizes for bingo games during a CFE may not exceed \$5,000 for the entire event.³⁷⁹

A person under 18 years of age may play bingo at a CFE if the minor is accompanied by a parent or legal guardian.³⁸⁰

Reusable bingo hard cards may be used at CFE's.³⁸¹

Pulltabs

While exempt organizations may host CFEs, exempt organizations may not sell pulltabs as part of their CFEs.³⁸²

Raffles

Organizations may sell raffle tickets in discounted bundles at CFEs (e.g., tickets cost \$1 apiece, but a purchaser may get six tickets for \$5).³⁸³

If the organizations sells all the tickets for a raffle and conducts the drawing as part of a CFE, then it may draw tickets until a winner claims the prize without having to follow the usual notification and waiting period requirements for ordinary raffles, regardless of the cost of the ticket.

Other Games of Chance

Charitable organizations may conduct games of chance other than those described in this section with prior approval of the Department. To request approval of game, provide a description of the rules of the game and how prizes will be awarded in response to question 9 on page 2 of the Charity Fundraising Event Application (Form CG-APP-ORG-CFE).

Special Limited Charitable Games

Supplies, Equipment, & Expenses

Roulette wheels and craps tables are considered charitable gaming supplies and shall be obtained from a licensed distributor. Licensed charitable organizations must pay for roulette wheels and craps tables from the charitable gaming account and may only purchase or lease them from a licensed distributor.³⁸⁴

³⁸³ [KRS 238.545\(3\)\(c\)](#)

³⁸⁴ [820 KAR 1:055, Sec. 4\(2\)](#)

Poker tables, blackjack tables, prize wheels, and chips, scrip, or imitation money are not considered charitable gaming supplies or equipment and may be purchased from ordinary sources of supply and must not be purchased using the organization's charitable gaming account.³⁸⁵

If special limited games are played, the licensed charitable organization shall provide the Department with a copy of the executed contract for the use of those supplies no later than 30 days following the event. The contract must specify exactly which items provided, at what cost, and from whom.³⁸⁶

Licensed charitable gaming organizations may not hire outside companies to conduct and administer these games on behalf of the charity. All charitable gaming, including special limited charitable games, must be conducted and administered solely by officers, members, employees, or volunteers of the licensed charitable organization.³⁸⁷

If an expense is both a gaming expense and a general expense, the expense shall be prorated pursuant to the amount of gross receipts obtained from gaming and nongaming events. The full amount shall be paid from the general account and the amount attributable to gaming shall be reimbursed from the gaming account to the general account.³⁸⁸

Food, beverages, and other items provided to participants without additional payment at an event where only gaming activity takes place shall be considered a promotional expense, if all participants are equally eligible.³⁸⁹

When writing the check to reimburse the general account, the Department recommends indicating on the financial report that the check is to reimburse the general account for a gaming expense.

Tournaments

If the special limited games are played as a tournament, the organization must:

- Keep a record of attendance;
- Provide a program that lists:
 - The cost to enter;
 - The cost of the buy backs;
 - The cost of add-ons;
 - The rules of the game;
 - The manner for raising blinds or closing tables; and
 - The prizes (which may be listed as a percentage of receipts.)³⁹⁰
- Complete and retain volunteer sheet (Form CG-VOL).³⁹¹

Central Banks

Players cannot use cash to play special limited games at a SLCFE.³⁹² These games have to be played with chips, scrip, or imitation money which can only be purchased through a central bank or from the cashier under the authority of the designated chairperson.³⁹³

The cashier must be at a central location. No chips, scrip, or imitation money can be sold at a gaming table or by a dealer.³⁹⁴

Games requiring a predetermined amount of chips, scrip, or imitation money shall be pre-counted. Accurate records shall be kept of all chips, scrip, or imitation money.³⁹⁵

For all games that require a central bank to be used, the organization shall report:

- Gross receipts as the amount of money received for selling chips, scrip, or imitation money;
- Payouts as all chips, scrip, or imitation money redeemed; and
- Adjusted gross receipts as all money remaining.³⁹⁶

Prizes

Chips, scrip, or imitation money may be redeemed for cash or prizes.

Prizes to be offered and their fair market values must be displayed or listed in a conspicuous location within the gaming area.

Prizes must be redeemed directly or through an auction process within 24 hours after the end of the event.³⁹⁷

For more information concerning records that are required to be kept for specific types of charitable gaming, refer to those chapters of this manual.

Financial Reports

General Provisions

This section of the Training Manual only applies to licensed charitable organizations. For information about the financial reporting required for exempt organizations, refer to the Exempt Organizations section of the Licensing chapter of this Manual.

Licensed charitable gaming organizations are required to submit a financial report to the Department either annually or quarterly that accounts for all of the licensee's charitable gaming funds. Most organizations will be required to submit these reports quarterly, but some organizations are eligible to file one annual report (see below).⁴⁵⁹

The report must be filed on Form CG-FIN⁴⁶⁰ which is available on the Department's website, dca.ky.gov

Failure to file this report will result in administrative actions, including fines, suspension, or revocation of your organization's charitable gaming license.⁴⁶¹

Requirements

Each licensed charitable organization must ensure that its financial reports:

- Are submitted on the appropriate form ("CG-FIN" for licensed charitable organizations);
- Are typed or written in permanent ink;
- Are complete, accurate, and legible;

⁴⁵⁵ [820 KAR 1:057, Sec. 4\(3\)](#)

⁴⁵⁶ [820 KAR 1:057, Sec. 4\(9\)](#)

⁴⁵⁷ [820 KAR 1:057, Sec. 4\(10\)](#)

⁴⁵⁸ [820 KAR 1:057, Sec. 3\(7\)](#) and [820 KAR 1:057, Sec. 4\(11\)](#)

⁴⁵⁹ [KRS 238.550\(5\), \(6\), and \(7\)](#) and [KRS 238.535\(2\)](#)

⁴⁶⁰ [820 KAR 1:025, Sec. 2\(1\)](#)

⁴⁶¹ [KRS 238.550\(5\) and \(8\)](#)

- Contain the original signature and printed name of either the CEO or CFO of the organization (or, if the report is submitted electronically, it must include the typewritten name of either the CEO or CFO of the charitable organization); and
- (If the report was prepared by someone other than the CEO or CFO) contain the original signature and printed name of the preparer of the report (or, if the report is submitted electronically, the typewritten name of the preparer).⁴⁶²

When Due

Annual Reports: Licensed charitable organizations may file one annual report, which is due by **January 31** of the following year, and not be required to submit quarterly financial reports if:

- The licensee’s gross receipts are less than \$200,000 per calendar year and
- The licensee does not conduct weekly bingo sessions.⁴⁶³

Quarterly Reports: All other licensees must submit a quarterly report by the end of the month following the quarter:

Quarter	Dates	Financial Report Due
1 st Quarter	January 1 – March 31	April 30
2 nd Quarter	April 1 – June 30	July 31
3 rd Quarter	July 1 – September 30	October 31
4 th Quarter	October 1 – December 31	January 31

If the due date for the financial report falls on a Saturday, Sunday, or legal holiday, the report is due on the first business day thereafter.

The fee imposed by [KRS 238.570\(1\)](#) of 0.628% on gross gaming receipts of a licensed charitable organization is due at the same time as the financial report. Licensees must pay this fee by check or electronic funds transfer made payable to "Kentucky State Treasurer."⁴⁶⁴

Timeliness: The Department imposes administrative fines on licensees that submit financial reports and payments of the charitable gaming fee after the deadline. These fines are typically based on a scale that increases the amount of the fine each based on how many days after the deadline the report was submitted. The financial report and fee shall be considered timely filed if it has been:

- Mailed to the Department by first class mail, postage prepaid, to the correct address and postmarked by the due date;
- Received in the Department by hand-delivery on or before the due date; or
- Received by the Department electronically on or before the due date.

Organizations should ensure that **no fields are left blank**. If the charitable organization does not have any information to place on an attachment to the financial report, it should mark that field with a “0” or "not applicable."⁴⁶⁵

Further, if an organization does not conduct any charitable gaming in a quarter in which it is licensed, the

⁴⁶² [820 KAR 1:025, Sec. 1](#)
⁴⁶³ [820 KAR 1:025, Sec. 1\(a\)1.](#)
⁴⁶⁴ [820 KAR 1:025, Sec. 3\(1\)](#)
⁴⁶⁵ [820 KAR 1:025, Sec. 3\(2\)](#)

organization still must submit a report marked with 0's or "not applicable." This clarifies to the Department that the organization is affirming that it has no gaming activity to report, not that it forgot to fill out part of a report or submit a report.

40% Retention Requirement

Rule

A licensed charitable organization's net receipts from charitable gaming must equal at least 40% of its adjusted gross receipts.⁴⁶⁶ This is commonly called "The Forty Percent Rule." In other words, a charity must make at least a 40% profit off charitable gaming, and a charity must ensure that its expenses incurred in the course of charitable gaming do not exceed 60% of the money a charity has on hand after paying out to winning players.

Common Misconception: The Forty Percent Rule does not mean that a charity is only required to spend 40% of the money it generates from charitable gaming toward its charitable purpose, and it is free to spend up to 60% on other pursuits. **All of the charity's net receipts must be spent exclusively in furtherance of its charitable purpose**, and no net receipts from charitable gaming may inure to the benefits or financial gain of any individual.⁴⁶⁷

The retention rule does not apply to exempt organizations⁴⁶⁸ or to organizations that were not licensed at the beginning of a calendar year.⁴⁶⁹ The retention requirement still applies if the license has expired or lapsed.⁴⁷⁰

Inapplicable Fees & Taxes

The following expenses (fees and taxes) are excluded from the calculation of the retention percentage:

- Fees paid to the Department;
- Any sales or use tax paid on charitable gaming supplies and equipment by a licensed charitable organization; and
- Any federal excise taxes paid by a licensed charitable organization.⁴⁷¹

⁴⁶⁶ [KRS 238.536\(1\)](#)

⁴⁷⁰ [KRS 238.536\(1\)](#)

⁴⁷¹ [KRS 238.536\(1\)](#)

How to Calculate the Retention Rate

1. Determine the amount of gross receipts.
2. Subtract the payouts from the gross receipts to determine the adjusted gross receipts.
3. Subtract the total allowable charitable gaming expenses from the adjusted gross receipts to determine the net receipts.
4. Divide the net receipts by the adjusted gross receipts to determine the retention rate.

Example: The Human Fund, a licensed charitable organization, conducts a 50/50 raffle. The organization sells 10,000 tickets for \$1 apiece, which generates \$10,000 in gross receipts. The winner of the raffle received half of the proceeds, with the Human Fund keeping the remaining half to use for its charitable purpose. This means the Human Fund generated \$5,000 in adjusted gross receipts from this raffle. The Human Fund spent \$1,000 renting a venue for the drawing and advertising the raffle:

In this example, the Human Fund’s retention rate is 80%, so it has complied with the Forty Percent Rule.

Penalties

Unlike most provisions of charitable gaming law that give the Department discretion to consider a range of penalties, the statute governing the retention rate mandates specific penalties based entirely on the licensee's retention rate, so the Department cannot consider mitigating circumstances or offer alternative penalties.

Licensee's Retention Rate	Penalty
35.0% - 39.9%	Probation for six months Must submit acceptable financial plan
30.0% - 34.9%	Probation for one year Must submit acceptable financial plan Subject to DCG review after six months
25.0% - 29.9%	Probation for one year Must submit acceptable financial plan Must complete training program Subject to quarterly DCG review
Less than 25%, or under 40% in consecutive years	One year license suspension Must submit acceptable financial plan One year probation following reinstatement Subject to quarterly review after reinstatement

If the licensee's retention rate mandates probation or suspension, the probation or suspension begins immediately on the date the Department notifies the organization of the violation. If the licensee appeals the violation, the date of probation or suspension is stayed until resolution of the appeal.⁴⁷²

When an organization appeals a retention rate violation, the Department cannot deviate from the penalties above or consider mitigating factors. An organization's best opportunity to successfully appeal and avoid penalties for a retention violation would be to review its previously submitted financial reports, search for errors, and submit revised reports that truthfully and accurately show a compliant retention percentage.

⁴⁷² [KRS 238.536\(2\)\(e\)](#)

Cessation of Charitable Gaming

When an organization ceases to conduct charitable gaming, the organization shall:

- Perform a final inventory
- Return all unused product to a distributor
- Donate the product to another organization with the permission of the Department or, if another organization does not want the gaming supplies, they may be donated to the Department, upon request, for training and demonstration purposes; or
- Destroy the product with the permission of the Department; and
- Spend or disburse the charitable gaming funds consistent with its charitable purpose.

Destroying Gaming Supplies

An organization shall perform an inventory and obtain permission of the Department before destroying a bulk amount of gaming supplies. The gaming supplies shall be destroyed by burning in compliance with state and federal law, shredding, destroying, or defacing in some manner to prevent reuse of any pulltab, flare, prize board, seal card, bingo paper or any portion thereof. An organization may also donate gaming supplies to the Department for demonstration and training purposes if the Department so requests.⁴⁷³

⁴⁷³ [820 KAR 1:057, Sec. 3\(8\)](#)

VIOLATIONS

The Department has authority to prosecute administrative actions for violations of Kentucky’s charitable gaming statutes and regulations.⁴⁷⁴ Additionally, the Department’s investigators may investigate allegations of criminal wrongdoing and aid in the prosecution of those cases.

Anyone may make a complaint and request an investigation by calling the Department at (502) 573-5528 or (800) 729-5672 or completing the form on the Department’s website at dca.ky.gov. If the complaint alleges criminal activity that is outside the Department’s jurisdiction, the Department will refer the matter to the Office of the Attorney General and a local law enforcement agency.⁴⁷⁵

The chart below explains the differences between administrative and criminal violations:

Administrative Violations	Criminal Violations
Case is brought against the organization	Case is brought against an individual
Prosecuted by the Department	Investigated by the Department, but prosecuted by the county attorney, Commonwealth’s attorney, or United States attorney in the jurisdiction where the offense occurred.
Process governed by Kentucky administrative law (KRS Chapter 13B).	Process governed by state or federal criminal law and procedure.
Violations typically involve errors in financial reporting or the conduct of charitable gaming activities.	Violations typically involve theft of charitable gaming funds or fraud in charitable gaming activities.
Potential penalties include warnings, fines, or actions taken against the organization’s charitable gaming license.	Criminal penalties, including jail time, are possible.

Administrative Violations

Caution Letters

The Department’s accounting staff reviews all financial reports. If the Department discovers errors that are not willful, it will send the Licensee a Caution Letter, which will identify the errors.⁴⁷⁶

If the licensee corrects the errors identified in the Caution Letter within 30 days, no formal violation will be issued. If the licensee does not correct the errors, the Department will issue a formal violation.⁴⁷⁷

Penalties

When an organization commits a violation of Kentucky charitable gaming law, the Department may impose one of the following penalties:⁴⁷⁸

- **Informal Warning Letter:** A letter that explains to the licensee it has violated a provision of the charitable gaming laws and warns the organization to stop or face a formal violation. This does not count as an official violation on the charity's record, and it cannot be appealed.
- **Formal Administrative Warning:** Like an informal warning, only this will be sent with a formal NOV, and a finding of a violation does count as a formal violation on the charity's record.
- **Fine:** A monetary payment that the organization will be required to pay the Department. Most violations that result in fines will impose a fine between \$250 and \$500 per violation. The maximum fine for any violation is \$1,000.⁴⁷⁹
- **Probation:** A period of time during which the Department will more closely monitor the licensee's charitable gaming activities, and further violations may result in more severe violations, such as a license suspension or revocation.⁴⁸⁰
- **Suspension:** A period of time during which the licensee is prohibited from conducting charitable gaming.
- **Revocation:** The act of taking away an organization's charitable gaming license.
- **License Denial:** When the Department's licensing staff determines that an application for a new charitable gaming license or the renewal of an existing charitable gaming license is not permitted due to the organization's failure to meet eligibility requirements or its history of non-compliance with charitable gaming law.
- **Corrections:** In addition to these penalties, the NOV will also identify errors that the licensee will be required to correct. Typically, these violations involve errors discovered during the Department's review of the licensee's financial reports.

The overwhelming majority of the Department's administrative violations result in warnings or small fines. The Department may, however, seek a suspension, revocation, or denial of a charitable gaming license if the nature, frequency, and severity of the violations or the licensee's history of previous violations demonstrates an unwillingness or inability to operate in compliance with the law.⁴⁸¹

Violations of the 40% retention requirement statute (KRS 238.536) have a range of penalties set specifically by statute based entirely upon the organization's reported retention rate. Refer to that section of the Training Manual for more details about penalties for violating the retention requirement.

The Administrative Case Process

1. **Notice of Violation:** The Department will prepare and send, via certified mail, a Notice of Violation. This is a document that informs the licensee which provision of the law it has violated, the facts that support the finding of a violation, the proposed penalty, any corrective action the licensee must complete, and explains the licensee's right to appeal.⁴⁸²

2. **Appeal:** The licensee has ten days from the time it receives the NOV to file an appeal. If the licensee accepts the proposed penalty, no action is required.⁴⁸³ If the licensee wants to appeal, it must submit a written Notice of Appeal to the Department, which must be from an officer of the organization or an attorney representing the organization. This can be submitted via the mail or by email to dcg.legal@ky.gov. If the action is appealed, the penalty imposed by the Department will not take effect until the appellate process is final. This means the licensee is not required to pay any fine set out in the notice until the appeal is concluded.⁴⁸⁴
3. **Review of Appeal and Settlement Negotiation:** The Department’s legal staff will internally review each Notice of Appeal and may, after consultation with the Commissioner, make an offer of settlement to the licensee. The Department may send the organization a proposed Agreed Order to settle the case.
4. **Referral to OAH:** If the Department and the Licensee cannot agree upon a settlement, the Department will refer the case to the Public Protection Cabinet’s Office of Administrative Hearing (“OAH”). OAH will assign a hearing officer to administer the proceedings.⁴⁸⁵
5. **Prehearing Conferences:** The hearing officer will likely schedule a prehearing conference (or multiple prehearing conferences) to discuss prehearing matters. These are usually conducted by a telephone conference call or online video conference, so no one has to physically appear. The hearing officer will direct the organization to hire an attorney. After the pre-hearing conference, the hearing officer will generally enter an order requiring all parties to file a pretrial compliance listing potential witnesses and exhibits.⁴⁸⁶
6. **Evidentiary Hearing:** If the matter cannot be resolved, it is set for an evidentiary hearing. This is an event conducted like a trial. Each side will have an opportunity to present evidence, call witnesses, cross-examine the other side’s witnesses, and make arguments. The Kentucky Rules of Evidence apply. The hearing officer may direct the parties to file written briefs arguing for the hearing officer to rule in their favor.
7. **Recommended Order:** After the hearing and reviewing the parties’ briefs, the hearing officer will draft a recommended order issuing a ruling on the case with written findings of facts, conclusions of law, and a recommended disposition of the case.⁴⁸⁷
8. **Exceptions:** If either party objects to the hearing officer’s recommended order, the party can file written exceptions arguing against the adoption of the recommended order.⁴⁸⁸
9. **Final Order:** After reviewing the hearing officer’s recommended order and the parties’ written exceptions, the commissioner of the Department will either adopt the hearing officer’s recommended order or reject the order and enter a separate Final Order.
10. **Appeal to Circuit Court:** If the licensee does not accept the Final Order, it may appeal to the Circuit Court.⁴⁸⁹

Kentucky law does not allow a non-lawyer officer or member of an organization to represent the organization in formal legal proceedings. Since the organization is an incorporated entity, it is considered

a legal person, and a person who is not a lawyer who represents the organization could be guilty of practicing law without a license, which is a criminal offense. It is advisable, but not required, for organizations to obtain an attorney when initiating an appeal. An attorney licensed to practice law in Kentucky is required for tasks that would fall under the practice of law, such as filing or responding to briefs and motions, questioning and cross-examining witnesses, objecting to evidence, or filing exceptions to a recommended order.

Criminal Violations

The Department's Enforcement Division, among other responsibilities, investigates complaints related to violations of charitable gaming law and violations of the Kentucky Penal Code related to charitable gaming, including fraud and theft in the conduct of charitable gaming.

The Department's Enforcement Division is accredited by (ORG THAT ACCREDITS) and maintains a staff of investigators who are all certified police officers. The Department's jurisdiction, though is limited to the following violations:

- Provisions of KRS Chapter 238 relating to charitable gaming;
- Criminal violations relating to unlicensed and illegal charitable gaming, gambling offenses committed on licensed charitable gaming premises, and gambling offenses committed in conjunction with charitable gaming;

- Criminal violations related to forgery and fraud in the conduct of charitable gaming;
- Criminal violations relating to property damage owned or leased by a charitable gaming licensee;
- Felony violations committed on licensed charitable gaming premises and in the presence of the investigator.

Certain charitable gaming offenses are classified as criminal offenses, including:⁴⁹⁰

THE DEPARTMENT OF CHARITABLE GAMING

The Department of Charitable Gaming is composed of the Commissioner's office, which is responsible for all aspects of the administration of the Department. The Department consists of two divisions: the Division of Licensing and Compliance and the Division of Enforcement. The Department also works with the Public Protection Cabinet's Office of Legal Services which assigns attorneys to the Department.

The Department can be reached by telephone at (502) 573-5528 or 1 (800) 729-5672, by fax at (502) 573-6625, or by email at dcg.info@ky.gov. The Department's website can be found at dcg.ky.gov.

Licensing and Compliance

The Licensing and Compliance division is composed of two branches: licensing and compliance.

Licensing

The licensing branch reviews license applications, sends deficiency letters if required, refers the applications for criminal history checks, reviews exempt status of organizations, issues licenses, and processes any changes requested in the licenses.

Compliance

Compliance officers conduct on-site inspections of licensed charitable gaming activity to ensure adherence to applicable charitable gaming statutes and administrative regulations, assist licensing with office inspections, investigate complaints, assist with audits, and provides training to licensees.

Enforcement

The Division of Enforcement has two branches: audit and investigation.

Audit

Auditors conduct in-depth audits of charitable gaming activities to ensure that high standards of accounting, recordkeeping, and reporting of charitable gaming receipts are met. They also review financial plans submitted by licensees that failed to meet the 40% retention requirement. The results of such audits may lead to an administrative action against the charitable organization's license.

Investigation

Investigators investigate complaints and allegations of criminal wrongdoing and have peace officer powers pertaining to certain acts related to charitable gaming. Their main function is to protect the organizations from persons who would take charitable gaming funds for their personal use. The results of investigations could result in administrative action and/or civil or criminal action. The investigators cooperate with federal prosecutors, federal law enforcement agencies, the Kentucky State Police, local law enforcement, local prosecutors, and other state agencies.

Accounting

The Department also employs accounting staff that is not officially part of the Enforcement Division. These accountants review and reconcile the financial reports filed by the organizations, process the fees for all licensees, and calculate the retention rate of the organization based on their financial reports at the conclusion of the calendar year.
