Jamie,

Turfway Park would like to request modifying our 2023 Holiday race calendar.

We are requesting to cancel our 12/31/2023 race date (New Years Eve). We have found that this day typically under performs as compared to our average race handle as many simulcast outlets close early for the holiday. New Years Eve will not be included in future date requests.

We plan to add individual races to each card in December bringing our average race day from eight races to nine races. By running twenty additional races in December, we will offer twelve more racing opportunity to our horsemen. Each of these races should perform better than each race carded for 12/31.

I have consulted with the horsemen's group(s), and they are in support of this modification.

If you, or any of the committee members have questions, please do not hesitate to call me.

Sincerely,

RE: **PROPOSED AMENDMENTS TO 810 KAR 4:070. JOCKEYS AND APPRENTICES**

The Kentucky Thoroughbred Association/Kentucky Thoroughbred Owners and Breeders Association (“KTA/KTOB”), as well as the Kentucky Horsemen’s Benevolent and Protective Association (“KHBPA”) and the Jockeys’ Guild have agreed to certain changes to modernize the jockey fees set forth in 810 KAR 4:070. The following is a summary of the proposed regulatory changes to Section 8. Jockey Fees in Thoroughbred Racing:

- The original structure of providing different fees for several different purse ranges below \$99,999 is removed.
- All purses up to \$99,999 will have the same fee structure. That fee structure is as follows:
 - 10% for the winning mount;
 - Greater than 5% or \$140, whichever is greater for the second place mount;
 - Greater than 5% or \$135, whichever is greater for the third place mount;
 - Greater than 5% or \$130, whichever is greater for the fourth place mount; and
 - \$125 for the losing mount.
- The fee structure for purses between \$100,000 and \$999,999 is as follows:
 - 10% for the winning mount;
 - 5% for the second, third, and fourth place mounts; and
 - \$125 for the losing mount.
- The fee structure for purses that are \$1 million and up is as follows:
 - 10% for the winning mount;
 - 5% for the second, third, and fourth place mounts; and
 - \$500 for the losing mount.

The Rules Committee recommends that the Commission approve these proposed amendments. The KHRC staff also recommends approval.

(3)

(a) After the completion of conditions in subsection (1) of this section, a contracted apprentice may claim three (3) pounds for one (1) year if riding horses owned or trained by his or her original contract employer if his or her contract has not been transferred or sold since his or her first winner.

(b) The original contract employer shall be the party to the contract who was the employer at the time of the apprentice jockey's first winner.

(c) Apprentice allowance shall not be claimed for a period in excess of two (2) years from the date of the rider's fifth winner unless an extension has been granted in accordance with subsection (4) of this section.

contract, may extend the time during which the apprentice weight allowance may be claimed for a period no longer than the period the apprentice rider was unable to ride.

(2) The stewards shall approve a riding contract and permit parties to participate in racing in this state if the stewards determine that:

(b) The contract employer possesses the character, ability, facilities, and financial responsibility conducive to developing a competent race rider; and

Dear Mrs. Eads,

We are pleased to jointly report that the Jockeys' Guild, Inc., and the Kentucky Thoroughbred Association have successfully reached a special agreement with respect to a schedule of fees to be paid commencing with the date of approval from the Kentucky Horse Racing Commission.

6. This Agreement (a) constitutes the entire agreement between the Guild and Kentucky HBPA with respect to its subject matter; (b) supersedes all prior written or oral discussions,

understandings and agreements between the Guild and Kentucky HBPA; and (c) constitutes the final and complete expression of the intent of the Guild and the Kentucky HBPA.

7. Each representative of the Guild and Kentucky HBPA executing this Agreement represents and warrants that he is expressly authorized to execute this Agreement and to bind his organization and its members by doing so.

8. Nothing in this Agreement will serve to alter or otherwise impede the Jockeys' ability to negotiate a different mount fee on an individual basis.

9. This Agreement may be executed in counterparts, each of which shall be deemed an original, and all of which shall constitute a single agreement. This agreement may be delivered by facsimile or email, and faxed or emailed signatures shall constitute original signatures that are binding on the parties to this agreement.

**Re: Agreement Between the Jockeys' Guild and Kentucky Thoroughbred
Association for Jockey Mount Fees in Kentucky**

Dear Mrs. Eads,

We are pleased to jointly report that the Jockeys' Guild, Inc., and the Kentucky Horsemen's Benevolent and Protective Association have successfully reached a special agreement with respect to a schedule of fees to be paid commencing with the date of approval from the Kentucky Horse Racing Commission.

This agreement shall be effective starting November 29, 2023, the opening day of Turfway Park Oa until the proposed changes are adopted in 810 KAR 4:070 Section 8 (1)(a).

While both parties acknowledge that jockeys are free to negotiate their own terms for each horse they ride, both parties are in favor of a new schedule to be used in the absence of an individual contract.

This schedule will be kept on file with the racing secretary and the horsemen's bookkeeper for all tracks within the Commonwealth of Kentucky.

We appreciate the time and effort by all parties, including Senator Damon Thayer, who was instrumental in facilitating this agreement.

Sincerely,

Terence J. Meyocks,

KRS 230.290 states that all licenses granted under KRS Chapter 230 “shall be subject to all administrative regulations and conditions as may be from time to time prescribed by the racing commission.” As a condition of licensure to conduct horse racing and pari-mutuel wagering, it is recommended that each racing association shall certify that it shall comply with certain requirements proposed in the attached.

The requirements cover the following topics: regulatory notifications, operational reporting, racing integrity requirements, and wagering integrity requirements. Highlights include the following:

2. Each licensed association shall provide to the Commission a report of purse money no later than seven (7) calendar days after the conclusion of each live race meeting.
3. Each licensed association shall notify the Commission if it becomes aware of a race-related wagering anomaly. An anomaly includes, but is not limited to, such incidents as:
 - a. Past posting, cancel delay, and other instances when wagering occurs after the horses have left the gate;

The licensure conditions have been shared with KHRC staff and the Race Dates Committee. The KHRC staff recommends approval of the proposed condition.

Kentucky Horse Racing Commission
Condition of Licensure Pursuant to KRS 230.260

Pursuant to KRS 230.290(2), the Kentucky Horse Racing Commission (“KHRC”) is authorized to prescribe necessary and reasonable conditions under which horse racing and pari-mutuel wagering is conducted in the Commonwealth of Kentucky. Therefore, as a condition of licensure by the KHRC to conduct horse racing and pari-mutuel wagering, each licensed association shall certify that it shall comply with the following requirements:

1. Regulatory Notifications

- a. Each licensed association shall notify the KHRC of any communication, report, or investigation conducted or to be conducted by any federal, state, or local regulatory agency that relates to the safety, integrity, or security of the licensed association’s operations, its participants, facilities, or that would reasonably be deemed to affect public confidence in the licensed association. This notification includes, but is not limited to, communications, reports, or investigations involving the Thoroughbred Racing Association (“TRA”), Thoroughbred Racing Protective Bureau (“TRPB”), United States Trotting Association (“USTA”), American Quarter Horse Association (“AQHA”), Arabian Jockey Club (“AJC”), National Thoroughbred Racing Association (“NTRA”), the Horseracing Integrity and Safety Authority (“HISA”), the Horseracing Integrity and Welfare Unit (“HIWU”), or any agency relating to environmental, safety or public health matters. Notification to the KHRC shall include or be supplemented by a copy of the communication, report, or investigation within twenty-four (24) hours of receipt by the licensed association.
- b. Each licensed association shall notify the KHRC any time a member of a local, state, or federal law enforcement agency enters licensed association grounds for the purpose of questioning, investigating, or arresting a licensed individual. Such notice shall include or be supplemented by a copy of any report related to the questioning, investigation, or arrest prepared by the licensed association and/or prepared by the law enforcement agency. The report(s) shall be provided to the KHRC within twenty-four (24) hours of preparation and/or receipt by the licensed association.

2. Operational Reporting

- a. Each licensed association shall send a copy of any self-reporting document, form, or correspondence to the KHRC at the same time that the document, form, or correspondence is filed with the state or federal regulatory agency, or any other organization referenced in Requirement No. 1. The licensed association shall identify to the KHRC any information contained in submitted reports that the licensed association considers to be confidential or proprietary.
- b. Pursuant to 810 KAR 8:010 Section 20, purse money in thoroughbred, flat racing, and standardbred racing shall be paid, distributed, or made available no later than twenty-four (24) hours after notice from the Commission that a final laboratory report has been issued.
- c. Each licensed association shall provide to the KHRC a report of purse money no later than seven (7) calendar days after the conclusion of each live race meet. This report shall include the name of the licensed association, the date in which racing occurred,

the race number, purse totals attributed to regular stakes, purse totals attributed to the association, purse totals attributed to horsemen, purse totals attributed to state funds, and total purse amounts.

3. Racing Integrity Requirements

- a. Each licensed association shall record the date and time (in hours, minutes, and seconds) on all live video feeds originating from a Kentucky track. Each licensed association shall be responsible for recording (in hours, minutes, and seconds) the start/off time of each race. Further, each licensed association shall require the tote company with whom it does business to certify, and provide evidence of such certification, to the Chief State Steward or Presiding Judge of the closure time (in hours, minutes, and seconds) of the betting windows for each race. Records shall be retained for two years after the date of the race. Records shall be submitted to the KHRC upon request.
- b. Each of the timing systems mentioned in Requirement 3a. shall be synchronized with the U.S. Naval Observatory Clock at the beginning of each race day.
- c. Each licensed association offering thoroughbred racing shall require owners to deposit the fee for the administration of race-day furosemide, as permitted under Title 810 of the Kentucky Administrative Regulations, into the owner's account with the horsemen's bookkeeper by 12:00 p.m. Eastern Time on the day of the race. Failure of the owner to deposit such a fee may result in the owner being subjected to penalties, including fines or suspension. Each licensed association shall debit the owner's account for the furosemide fee to the credit of the KHRC.
- d. Each licensed association for thoroughbred racing shall abide by the safety and security requirements mandated by the Horseracing Integrity and Safety Act of 2020, as set forth in 15 U.S.C. 3051 *et seq.* ("HISA"). Each licensed association for any type of horse racing shall abide by all requirements set forth in KHRC statutes and regulations, to the extent that KHRC statutes and regulations are not preempted by HISA. All licensed associations shall be subject to inspection by KHRC officials and shall be required to make any repairs or improvements necessary to comply with the applicable safety and security regulations.

4. Wagering Integrity Requirements

- a. Each licensed association shall notify the KHRC if it becomes aware of a wagering anomaly related to racing conducted at that licensed association or related to a race imported for simulcast wagering at the licensed association, even if a report has not been filed with any of the organizations referenced in Requirement No. 1. The licensed association shall provide transactional data and video of the race to the KHRC. Wagering anomalies are defined as any incident that might reasonably affect the public's confidence in the licensed association's wagering pools. Such incidents include, but are not limited to:
 - i. Past posting, cancel delay, and other instances when wagering occurs after the horses have left the gate;
 - ii. Off-shore and account wagering fraud;
 - iii. Suspected manipulation through computerized robotic wagering;
 - iv. Pool odds manipulation;

- v. Quick pick or random pick malfunction;
- vi. Unusually large cancellation of wagers (especially right as the betting stops);
- vii. Outlets that are habitually late getting into the pools;
- viii. Manual merges;
- ix. Unusual payoffs;
- x. Failing to remove a scratched horse from the pools (which would then require a re-calculation of payoffs);
- xi. Re-entering a scratched horse to the pools without approval from the Stewards or Judges;
- xii. Suspicious wagering patterns;
- xiii. Totalizator or data communications malfunctions; and/or
- xiv. Substantial late ticket cancellations.

The list of wagering anomalies above is meant to be illustrative and not exclusive. It is the licensed association's responsibility to ensure that all wagering anomalies are communicated in a detailed and timely manner to the KHRC, whether by the licensed association or related vendor.

- b. Each licensed association shall ensure that the totalizator and video provider are available at least one week prior to the start of the live race meet for testing by the KHRC. Each licensed association shall ensure that the totalizator and video provider for its live meet are operating correctly at least 24 hours prior to the start of the live meet. Each licensed association shall ensure the video provider for its live meet performs its duties to the satisfaction of the KHRC, including, but not limited to, by having functional cameras and displaying all notifications timely and legibly for the wagering public.
- c. Each licensed association shall require its totalizator, video provider, and teletimer provider to share any and all racing and wagering data requested by the KHRC.
- d. Each licensed association shall post policies and procedures related to pari-mutuel wagering, including the licensed association's refund policy, on the licensed association's website. Each licensed association shall also post a notice in the racing program and a sign at the association's information window informing patrons where they can access a complete copy of the association's policies and procedures related to pari-mutuel wagering, including the association's refund policy.
- e. Each licensed association shall provide a copy of its mutuel department policies and procedures to the KHRC.
- f. Each licensed association shall have protocols in place that mandate exclusion of any receiving track's wagering pool when the licensed association cannot verify that all wagers in the receiving track's pool were received prior to the official start of the race. Copies of these protocols shall be provided to the KHRC.
- g. Each licensed association shall have protocols in place and shall publicize to its wagering patrons when, as a receiving track, it is excluded from a host track's wagering pool. These protocols shall include an immediate public announcement

and immediate posting on the licensed association's video monitors and websites. Copies of these protocols shall be provided to the KHRC.

- h. In the event of exotic wagering hosted by another jurisdiction on a licensed association's race date, whereby a KHRC official's actions pursuant to 810 KAR 2:040 Section 5(9) **or 810 KAR 2:050** may impact the outcome of the wager, the licensed association must inform the KHRC of the following information at least three (3) calendar days prior to such wagering:

 - ii. The specific performance (including, but not limited to, number, type of race, etc.) and racetrack(s) involved in the wager; and
 - iii. Name and direct phone number for the person responsible for operating the wager for the host site and totalizator company.

Further, any such wager shall be included in the official race program of the licensed association with the wager for each applicable race date.

- i. Each licensed association that does business with any individual, person, or entity that offers advance deposit account wagering ("ADW") to Kentucky residents shall ensure that the ADW is licensed by the KHRC prior to doing business with that ADW.
 - j. Each licensed association shall submit an electronic copy of the Kentucky Department of Revenue Forms 73A100 and 73A101 to KHRC.Reports@ky.gov no later than 4:30 p.m. on the 5th business day (excluding Saturday and Sunday) following the close of each racing week. Note that each licensed association must report its wagers, including any wagers conducted through a subsidiary, on a single return for each period.
 - k. Each licensed association shall settle (and pay, as required) all wagering accounts with simulcast partners on a timely basis, in no event exceeding 60 days past any respective due date.
 - l. Each licensee shall ensure sufficient printed copies of the program are made available to KHRC staff and shall provide a digital copy of the program to the KHRC via e-mail no later than six (6) hours prior to the first race of the program.
 - m. All licensed associations are required to have a licensed tote employee on the premises during live racing.
- 5. Each licensed association shall submit to the KHRC a full employee list that includes the official title of the employee at the licensed association and the date of the employee's hire. This shall be submitted in a format approved by the Commission's Director of Licensing on a monthly basis, no later than the 5th business day of the month.
 - 6. Each licensed association shall report to the KHRC in writing, as required by 810 KAR 3:020, Section 11, the discharge of any licensed employee within 24 hours of the event.
 - 7. Each licensed association shall ensure that all vendors and vendor employees utilized for the licensed association's operations are properly licensed by the KHRC.

8. Each licensed association shall require that all vendors and vendor employees display a KHRC identification badge while on licensed association grounds.
9. All licensed associations must pay for allocated expenses of the Commission pursuant to invoice terms, as set forth in KRS 230.240(3).

All notices required to be given to the KHRC under this condition of licensure, unless otherwise stated, shall be provided to the Executive Director, Deputy Executive Director, Chief State Steward/Presiding Judge, and Director of Pari-Mutuel Wagering and Compliance via hand delivery and/or electronic mail triggering the notice requirement. In the event a licensed association does not comply with the requirements, the KHRC has the authority to assess fines and/or penalties, including, but not limited to, licensure revocation. Additional conditions may be added to an association's license at any time at the discretion of the KHRC.

RE: **LICENSES TO CONDUCT LIVE HORSE RACING, SIMULCASTING, PARI-MUTUEL WAGERING, AND SPORTS WAGERING FOR 2024**

Since the previous application cycle, the Kentucky Horse Racing Commission (KHRC) has modified 810 KAR 3:010 to incorporate provisions relevant to the newly legalized sports wagering activities. This modification aims to simplify the application process for licenses related to horse racing and sports wagering by introducing a consolidated procedure. With this amendment, the KHRC now offers a unified application form, designated as the "Initial/Renewal Application for License to Conduct Live Horse Racing, Simulcasting, Pari-Mutuel Wagering, and Sports Wagering." If applicants find themselves unable to provide all obligatory information, they are required to submit an exhaustive account of such limitations, accompanied by a proposed timeline for completion, as stipulated by the KHRC.

Although the eligibility requirements for sports wagering and horse racing licenses possess certain similarities—such as financial stability, legislative compliance, and industry-specific knowledge—they also diverge in other ways. The racing license requires an initial fee of \$5,000 and an investigative fee of \$10,000, which may also apply upon license renewal, as directed by the KHRC. An entity that is not licensed as a track cannot be licensed as a sports wagering operator. The initial fee for an operator license stands at \$500,000, with a subsequent \$50,000 fee for renewals.

Applicants for both categories of licenses must submit relevant documentation that outlines their organizational structure, key personnel, and strategic plans. Applicants need to furnish details concerning significant changes to facilities, ownership shifts, and potential impacts on the Commonwealth of Kentucky. Those applying for a sports wagering license are additionally obligated to provide details on equipment and software, arrangements with third-party service providers, and internal controls related to sports wagering.

Upon approval, all license holders are required to inform the KHRC of any substantial modifications in operational methods or major shifts in circumstances. The KHRC staff may request clarification for any documentation submitted prior to or throughout the duration of the license.

As of the deadline, nine tracks have submitted applications for conducting horse racing and associated wagering activities. Of these, seven have requested a renewal of the sports wagering operator license and one has requested an initial sports wagering operator license. The following

provides a brief overview of each applicant's background information. For further information, please refer to the applications filed at the KHRC office.

- Ellis Park must designate additional dates that it will conduct racing from the awarded optional dates to ensure that the live meet has at least three days of racing per meet. Ellis Park must notify the KHRC of its designation by December 31, 2023 to fulfill this condition.

Keeneland Association, Inc. ("Keeneland")

Keeneland has filed a renewal application related to horse racing and pari-mutuel wagering. It has not filed an application for a sports wagering operator's license. It was incorporated in 1935 by a group of horsemen and has been restructured several times since. Keeneland's substantive interest is held by Keeneland Trustees, Inc. The track currently conducts thoroughbred racing, simulcasting, and pari-mutuel wagering on live horse racing at its track located on Versailles Road in Lexington, Kentucky. RE: **RATIFICATION OF EXECUTIVE DIRECTOR EADS' APPROVAL OF LEXINGTON TROTS BREEDERS ASSOCIATION, LLC'S REQUEST TO AMEND SECTION R OF ITS 2023 APPLICATION TO CONDUCT LIVE HORSE RACING, SIMULCASTING AND PARI-MUTUEL WAGERING**

In its application for a license to conduct live horse racing, simulcasting and pari-mutuel wagering, Lexington Trots Breeders Association, LLC ("Red Mile") sought and received an award of 2023 race dates, including Sunday, September 3, 2023. On August 25, 2023, Red Mile's Vice President of Racing Operations, Gabe Prewitt, requested approval to move the post time of the September 3, 2023, race date from 1:00 p.m. to 5:50 p.m., as a one-time special "holiday card."

Due to the time constraints of the request, Executive Director Jamie Eads granted conditional approval for Red Mile to move the post time on September 3, 2023, and reschedule for 5:50 p.m. KHRC staff recommends ratification of Executive Director Eads' approval.

Date Preference System

The following date system of preference is used at Turfway Park:

Foal certificates no longer are required to be on file in the racing office to enter or start at Turfway Park; however, foal certificates must be on file to obtain a preference date and to have a horse tattooed.

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses into over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot; however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Turfway Park will be assigned a preference date. A horse can have only one date at any particular time. Dates assigned will be of two types:

E-Date

This date will correspond to: (a) the date on which a horse's foal papers and name card are submitted to the Identifier (the earliest date being the day when entries are first taken for the meeting). The deadline to submit foal papers/digital foal certificates to receive a date on day of entry is 9:30 a.m. Eastern. (b) The day on which a horse is first entered if his papers are not on file with the Identifier. To qualify for the latter E-Date, a horse must have been excluded from a race that appears on the overnight or he must have been entered in a condition book race that failed to fill through insufficient entries.

R-Date

This date will correspond to the day of a horse's most recent race at Turfway Park. An R-Date will also be assigned to a horse that scratches, providing the foal papers are on file with the identifier.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers are removed from the Identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another racetrack will forfeit any date they may have at Turfway Park. Additionally, horses racing at Turfway Park without foal papers on site will not retain their R-Date.
4. Preference dates are good for any type of race or distance (other than maiden dates).
5. Maiden dates will be kept separately and will not have preference in winners' races.
6. No E-Date will be assigned to the second choice of an un-split same-owner entry.
7. A horse that has been placed on a list (Veterinarian, Steward, Starter, or Paddock Judge) will lose his date and be assigned an R-Date corresponding to the day he is removed from the list.
8. Horses on the Also-Eligible list shall be permitted to draw into races and will be assigned post positions in the order of their dates, earliest dates first.
9. A horse that is a scheduled starter in a canceled race will not receive an R-Date for that race but will retain his previous date.
10. The draw of stake and handicap races is not subject to date preference.
11. Preference dates are transferred through change in ownership and changes in trainer only after the proper transfer procedures have been completed through the Stewards' Office and delivered to the Racing Secretary's Office.
12. Date preference rules will not supersede KHRC rules regarding preference, eligibility, or scratches.

RE: **KTDF REQUESTS PERTAINING TO TURFWAY PARK LLC'S 2023 HOLIDAY & 2024 WINTER/SPRING RACE MEET**

On October 3, 2023, the KTDF Advisory Committee considered the following requests regarding Turfway Park, LLC's 2023 Holiday and 2024 Winter/Spring Race Meet:

The KTDF purse structure for the 2023 Holiday meet will consist of 20 race days beginning Wednesday, November 29th through Saturday, December 30th. The 2024 Winter/Spring meet will consist of 52 race days beginning Wednesday, January 3rd through Saturday, March 30th. Turfway Park is proposing a total of KTDF purses in the range of \$8.5 – \$9.2 million. These projections are based on a KTDF earned balance of \$220,000 at the end of their 2023 Winter/Spring Meet and additional projected earnings of \$5 million by the end of their meet with HHR wagering at Turfway Park and Newport Racing & Gaming being the primary driver. To encourage participation during the meet, Turfway Park will pay out KTDF purses through last place to all KTDF eligible horses.

To help Turfway Park fund their KTDF purses while increasing the strength of the overall Kentucky Racing Circuitry, the following KTDF transfer is requested:

- WKY Development, LLC d/b/a Oak Grove requests to transfer \$3.7 million of KTDF Earnings to Turfway Park at the conclusion of Turfway's Race Meet.

The KTDF Advisory Committee along with the KyHBPA and the KTA-KTOB recommend approval.

KHRC Staff Recommends Approval.

Committee Members:

Turfway Park Racing & Gaming has reviewed our purses and would like to card KTDF purses in the range of \$8.5 million to \$9.2 million for our upcoming Holiday/Winter Spring Meet(s). We have based the range on the following information:

1. At the end of July 2023, Turfway Park ended with a KTDF balance of approximately \$220K.
2. The source(s) of Turfway's KTDF to be used over this period are as follows:
 - a. Turfway Park/Newport HRM: \$5 million (HRM + \$250K live racing wagers)
 - b. Oak Grove: \$3.7 million
3. Our 2023 Holiday Meet will consist of 20 racing days beginning Wednesday, November 29th and ending Saturday, December 31st, 2023. Our 2024 Winter/Spring meet will consist of 52 racing days. The 2024 Winter/Spring Meet begins on January 1st 2024 and ending on March 30th, 2024.
4. We anticipate that KTDF will be approximately 49% of offered purses. Of the requested KTDF allotment, we anticipate the following payouts:
 - a. ALW, AOC, SMSW, MDN: approximately 63% of the KTDF allotment
 - b. BCL, CLM, MCL, STR, WMC: approximately 21% of the KTDF allotment; and
 - c. Stakes: approximately 16% of the KTDF allotment
5. For December 2023 through March 2024, we are assuming a KTDF payout percentage of 95% with anticipated KTDF disbursements of \$9.2 million which is \$9.03 million. We paid out \$8.8 million last year over the same period.
6. To encourage participation during the Fall Meet, we are again planning to pay KTDF purses from first to last to all eligible horses.

Please contact me directly should you have any questions or need additional information.

Owners of horses of racing age are responsible for registering their horses. Stallion owners are responsible for registering their stallions.

In accordance with KRS 230.805(2), the Kentucky Horse Racing Commission (KHRC) is required to promulgate administrative regulations to establish standards for the conduct of Sports Wagering. As stated in 809 KAR 10:002 Section 2, a licensee shall not offer sports wagering that "has not been approved by the racing commission". Further petition for additions to the Kentucky Sports Wagering Catalog (Catalog) presented on August 31, 2023 were considered by the KHRC, each requiring a separate application and supporting exhibits which may be viewed on the KHRC website (khrc.ky.gov). In reviewing the sporting events and sports governing bodies submitted through September 18, 2023, the KHRC recommended the following additions to the Catalog pursuant to the suitability requirements set forth in 810 KAR 10:002.

RE: **RATIFICATION OF EXECUTIVE DIRECTOR EADS' APPROVAL OF THE INDEPENDENT TESTING LABORATORIES SUBMISSION CRITERIA**

ITLs must provide a range of information, including corporate details, such as the name of the ITL, trade names, federal identification numbers, contact information, and the designation of a liaison who will serve as the KHRC's point of contact. ITLs are also required to provide a comprehensive description of their business, including the type of business, any public trading status, incorporation documents, and details of any financial or ownership interests with other entities in the field, among other points. Specifically, if the ITL has any interest or relationship with a track, service provider, occupational licensee, or prospective applicant for those licenses, it must be disclosed. Ownership structures must be clearly depicted through a flowchart. Details on litigation and regulatory background are also required to help provide a complete picture of the ITLs' operations.

These disclosures are critical for ensuring financial independence, which is one of the key criteria for the selection of approved ITLs. Please refer to the attached document for a detailed list of specific questions and requests related to this process.

On September 21, 2023 the Sports Wagering Advisory Council convened to consider a motion to recommend these criteria. Upon review, the Council did so move to recommend ratification by the KHRC.

Pursuant to KRS 230.300(11), KHRC Executive Director Jamie Eads granted conditional approval of these additions to the Catalog, pending or subject to ratification of the Commission. KHRC staff recommends ratification of Executive Director Eads' approval.

Total Distributions by Account

The General Fund line includes amounts that are deposited to various accounts. These caps are calculated from deposits resulting from the excise tax for conducting pari-mutuel wagering on historical horse racing. Since these amounts are calculated as a whole and not per licensee, a one-time transfer will be made once the caps are met within the fiscal year. At the end of the fiscal year, approximately \$2M must be deducted from this line in order to determine the actual amount retained by the General Fund. Please contact the Department of Revenue with any questions regarding these transfers.

Total Distributions by Account

The General Fund line includes amounts that are deposited to various accounts. These caps are calculated from deposits resulting from the excise tax for conducting pari-mutuel wagering on historical horse racing. Since these amounts are calculated as a whole and not per licensee, a one-time transfer will be made once the caps are met within the fiscal year. At the end of the fiscal year, approximately \$2M must be deducted from this line in order to determine the actual amount retained by the General Fund. Please contact the Department of Revenue with any questions regarding these transfers.
