**SUBJ.: KTDF PURSE STRUCTURE – KEENELAND JULY MEET**

---

On June 3, 2020, the KTDF Advisory Committee considered the following request from Keeneland with its KTDF purse structure for the 2020 July meet.

Keeneland is proposing KTDF purses of approximately \$426,000 over five days of racing (July 8-12). KHRC staff confirms the current KTDF balance for Keeneland is \$788,365. Keeneland is assuming a payout percentage of approximately 81% and request a transfer of \$125,000 in KTDF funds to Ellis Park.

Keeneland will pay out KTDF funds through last place. In the event of a dead heat, the KTDF percentage payout for each position will be paid equally to each horse in the dead heat and if a non-KTDF horse is involved in the dead heat, those funds will revert to the fund.

The KTDF Advisory Committee recommends approval.

KTDF Committee of the  
Kentucky Horse Racing Commission  
4063 Iron Works Parkway  
Lexington, KY 40511

Dear Committee Members:

Keeneland has reviewed our KTDF data and would like to offer approximately \$426,000 in KTDF money for our upcoming July Summer Meet.

1. Assuming no ontrack handle as part of spectatorless racing
2. We have a current KTDF fund balance of \$788,365;
3. We are assuming a payout percentage of approximately 81% of the amount carded;
4. We are projecting no earnings from KRM;
5. We anticipate that KTDF purses will be approximately 25% of the purses for the races that are eligible for KTDF.
6. We request transfer of \$125,000 in KTDF funds to Ellis Park KTDF account.

We remain committed to offering competitive purses while also prudently managing our KTDF funds available. To that end, with the uncertainty around COVID-19 impacting large gatherings, we are anticipating carrying a balance of \$237,365 to the Fall Meet of 2020. We believe this is prudent given the inability to generate additional KTDF funds if live handle on track continues to be interrupted, as well as limits on Historical Horse Racing operations at KRM.

Keeneland will continue to pay out KTDF funds through last place. A table containing the payout percentage by field size is attached. In the event there is a dead heat for finish positions 1 thru 5, the KTDF percentage payout for each position will be aggregated and paid equally to each horse included in the dead heat. If a non-KTDF eligible horse is involved in a dead heat, those funds will revert to the fund.

Please contact me if you have any questions or need additional information.

Sincerely,

Robert N. Elliston  
Vice President of Racing and Sales

---

On June 3, 2020, the KTDF Advisory Committee considered the following request from Ellis Park with its KTDF purse structure for the 2020 Summer meet.

Ellis Park is proposing KTDF purses of approximately \$1,150,000 for their Summer meet, this includes the \$125,000 transfer from Keeneland. KHRC staff confirms Ellis Park ended 2019 with a surplus of \$520,000 in KTDF funds. Ellis Park is assuming a payout percentage of 95%.

Ellis Park will pay out KTDF funds through last place. In the event of a dead heat, if a non-KTDF horse is involved in the dead heat, those funds will revert to the fund.

## Committee Members:

As a result of the business interruption caused by the Covid-19 pandemic, Ellis Park has reviewed and revised our KTDF projections. We anticipate our revised KTDF purses to be in the range of for live race handle along with the Historical Racing handle and we propose to pay KTDF purses in the range of \$1.15M for our upcoming 2020 summer meet, which includes \$125k KTDF transferred from wagers on HHR at Keenland. This is a decrease of \$800k from our initial estimates pre-Covid. We have based the range on the following information:

1. We ended the 2019 race meet with an underpayment of \$520,000 of KTDF funds. This resulted from two heat day cancellations, and one rain out.
2. In our 2019 summer meet we offered approximately \$3,359,000 in KTDF purses (inclusive of \$2,264,000 KTDF funds transferred from KY Downs) and paid out \$2,896,500 in KTDF purses.
3. We are assuming a KTDF payout percentage of approximately 95%.
4. We are projecting daily earnings of \$37,039 for 2020, which is a decrease from the \$107,278 paid in 2019. The decrease is the result of \$2.1M less KTDF transferred from KY Downs/Keenland, along with assuming no KTDF earnings for the summer 2020 race meet. We have excluded 2020 earnings due to the uncertainty from the State of Kentucky on when the track can reopen for business. Should a definitive timeline of opening become available, we will subsequently revise our projections and request additional funds from the KTDF committee.
5. Ellis Park will pay out KTDF funds through last place as follows:
  - a. 1<sup>st</sup> Place = 60%
  - b. 2<sup>nd</sup> Place = 20%
  - c. 3<sup>rd</sup> Place = 10%
  - d. 4<sup>th</sup> Place = 5%
  - e. 5<sup>th</sup> Place = 3%
  - f. Remaining 2% divided evenly among starters
  - g. If a non-KTDF eligible horse is involved in a dead heat, those funds will revert to the fund

6. Ellis Park will monitor the earnings and payouts on a daily basis and adjust these figures accordingly in our second condition book.

Please contact me should you have any questions or need additional information.

Sincerely,

**SUBJ.: KTDF PURSE STRUCTURE – KENTUCKY DOWNS SEPTEMBER MEET**

---

On June 3, 2020, the KTDF Advisory Committee considered the following request from Kentucky Downs with its KTDF purse structure for the 2020 September meet.

Kentucky Downs is proposing KTDF purses of 4,700,000 and up to \$75,000 in advertising to promote the states support of Kentucky thoroughbreds and racing. Kentucky Downs will pay KTDF funds to every eligible starter. In the event of a dead heat, if a non-KTDF horse is involved in the dead heat, those funds will revert to the fund.

The KTDF Advisory Committee recommends approval of up to \$4.7 million in KTDF purses and up to \$75,000 in advertising pursuant to 810 KAR 7:030.

June 4, 2020

Dear KTDF Committee Members,

Kentucky Downs is planning to reopen for business hopefully sooner than later. That being said, as we prepare for our 6-day racing season we currently have a total of \$4.7 million in KTDF funds available to be used for our meet. That includes \$161,021 that was remaining from our 2019 meet. We are requesting approval from the committee to offer \$4.7 million in KTDF purses and up to \$75,000 in advertising to promote the Commonwealth's support of Kentucky thoroughbreds and racing.

At this time, without any revenues being derived from HHR, we cannot commit any KTDF purse money to be moved to any other racetracks. We hope in the near future we are allowed to reopen our HHR facility, which would increase our purse account and allow for some dispersal.

We plan to pay KTDF money to every eligible starter as in the past. Additionally, if a non-KTDF eligible horse is involved in a dead-heat, those funds will revert to the fund.

We appreciate your review of this proposal and urge your approval of this plan.

Sincerely,

**From:** Jennifer Wolsing, General Counsel  
**Date:** June 13, 2020  
**Re:** Churchill and Ellis Park's requests to amend Section R of their 2020 applications to shift race dates

---

In its application for a 2020 license, Churchill sought and received an award of race dates as follows:

- Spring Meet dates from April 25 through June 27 2020;
- Fall Meet dates from September 11 through September 27, 2020; and
- October 25 through November 29, 2020.

On March 19, 2020, this Commission allowed Churchill to shift five optional days from the Spring 2020 meet to five dates in September: specifically, September 1 through 5. There were conflicts with both Ellis Park and Kentucky Downs, so an agreement was made that would benefit all parties involved.

There were two trades made that were not properly documented at the March 19 special session meeting:

- First, Ellis Park is currently the host track on September 7, 2020. Kentucky Downs and Ellis Park have agreed to share hosting duties on that date.
- Second, Churchill Downs is currently the host track on September 16. Churchill Downs and Kentucky Downs have agreed that Kentucky Downs will be the host track on September 16.

On or about April 21, 2020, the Race Dates Committee met and recommended approval of these trades.

Subsequently, Churchill and Ellis Park made a further agreement, as follows:

- Churchill Downs and Ellis Park agreed that Churchill would race and be the host track on June 28, 2020, which was the date initially granted to Ellis Park as its opening day. Churchill will move one of the remaining optional race dates granted in its license application to June 28. This trade is anticipated to provide an additional date for Kentucky horsemen to compete

On or about June 16, 2020, the Race Dates Committee met and recommended approval of this trade.

The Kentucky Horsemen's Benevolent and Protective Association and the Kentucky Thoroughbred Association approve of all three proposed trades.

The Commission has legal authority to approve these changes. Per my review of Kentucky statutes and regulations, nothing prohibits the Commission from approving, an agreed change in live race meeting dates and host track status. KRS 230.300 states that the Commission shall meet and award racing dates to all tracks for the entire succeeding calendar year on or before November 1. Nothing states that the Commission may not later amend that award, particularly when, as here: all parties agree to the amendment and the Commonwealth is in a state of emergency.

The KHRC staff recommends approval.

Dear Chairman Kling:

We are writing in support of Churchill Downs Racetrack ("CDRT") assuming five live race days the week of August 31, 2020, starting Tuesday, September 1, to facilitate running of the 146<sup>th</sup> Kentucky Derby.

Tuesday, September 1  
Wednesday, September 2  
Thursday, September 3

Saturday, September 5

Our approval is contingent upon the KHRC approving the request. This is an extraordinary request owing to the current public health emergency in the United States and Commonwealth of Kentucky. Please allow this letter to permit simulcasting during this same period.

**From:** Jennifer Wolsing, General Counsel  
**Date:** June 1, 2020  
**Re:** Keeneland's and Ellis Park's request to amend Section R of their 2020 applications to shift race dates

---

In its application for a 2020 license, Keeneland sought and received an award of race dates as follows:

- Spring Meet dates from April 2 through April 24, 2020, with no racing on Mondays or Tuesdays;
- Fall Meet dates from October 2 through October 24, 2020, with no racing on Mondays or Tuesdays; and
- The Breeders' Cup World Championship on November 6 and 7, 2020.

As this Commission is well aware, Keeneland was forced to cancel its 2020 Spring Meet due to COVID-19. Keeneland sought to mitigate the loss of its race dates.

On or about May 22, 2020, Keeneland advised the Commission that it has reached the following agreement with Ellis Park regarding race dates, for which they seek Commission approval:

- Ellis Park is currently assigned July 8 through July 12, 2020 race dates to conduct live racing.
- Per the agreement, Keeneland would conduct a live race meeting on July 8 through July 12, 2020.
- Ellis Park would remain the host track from July 8 through July 12, 2020.
- Keeneland retains all wagering revenue on Keeneland's signal.

On Wednesday, May 27, the Race Dates Committee met and recommended approval of this agreement. The Kentucky Horsemen's Benevolent and Protective Association ("KHBPA") and the Kentucky Thoroughbred Association ("KTA") also approve this agreement.

The Commission has legal authority to approve these changes. Per my review of Kentucky statutes and regulations, nothing prohibits the Commission from approving, an agreed change in live race meeting dates and host track status. KRS 230.377 states that the Commission shall meet and award intertrack wagering dates to all tracks for the entire succeeding calendar year. Nothing states that the Commission may not amend that award, particularly when, as here: all parties agree to the amendment, and the Commonwealth is in a state of emergency.

**Re:** Proposed Amendments to 810 KAR 3:020

---

On June 15, 2020, the Rules Committee met and approved the following changes to the regulations governing the licensing of racing participants

810 KAR 3:020 Section 12: Financial Responsibility

(1) A licensee shall maintain financial responsibility during the period for which the license is issued.

(2) ~~[A] Failure to meet the financial responsibility requirements of KRS 230.310 is defined as a licensee's failure to satisfy a final judgment and unappealable rendered against him or her by [a Kentucky] any administrative, state, or federal court [or a domesticated judgment from another jurisdiction,] for goods, supplies, services, or fees that are in any way related to the business of horse racing [used in the course of any occupation for which a license is required by this administrative regulation shall constitute a failure to meet the financial responsibility requirements of [KRS 230.310](#)].~~

(3) A licensee's failure to meet the financial responsibility requirements may be brought to the Commission's attention by anyone, including a successful plaintiff or a third party with knowledge of the final judgment.

(4) If the licensee fails to show just cause for his or her failure to satisfy the judgment, then his or her license may be suspended or revoked until the licensee provides written documentation of satisfaction of the judgment.

~~[(4)]~~ (5) An applicant for a license may be required to submit evidence of financial responsibility to the commission if a judgment as set forth in this Section has been rendered against him or her.

The three major changes to this regulation are as follows:

1. A licensee fails to meet financial responsibility requirements if he or she fails to satisfy any judgment against him or her that is related to the business of horse racing. Such a judgment can be related to any part of horse racing, even if it is not a licensed occupation.
2. A licensee does not have to domesticate out-of-state judgments to bring such a judgment to the Commission's attention. All that matters is that the judgement is final and unappealable.
3. Anyone can bring a complaint of financial irresponsibility to the Commission's attention, not just the successful plaintiff.

The KHRC staff recommends approval.

On June 15, 2020, the Rules Committee and the Safety and Welfare Committee met and approved the following changes to the regulations governing the use of riding crops:

810 KAR 4:040: Running of the Race

Section 15. Use of Riding Crops.

- (1) Although the use of a riding crop is not required, a jockey who uses a riding crop during a race shall do so only in a manner consistent with exerting his or her best efforts to maximize placing.
- (2) In any race in which a jockey will ride without a riding crop, an announcement of that fact shall be made over the public address system.
- (3) An electrical or mechanical device or other expedient designed to increase or retard the speed of a horse, other than a riding crop approved by the stewards pursuant to 810 KAR 4:010, Section 11 shall not be possessed by anyone, or applied by anyone to a horse at any time at a location under the jurisdiction of the racing commission.
- (4) A riding crop shall not be used on a two (2) year-old horse in races before April 1 of each year.
- (5) Allowable uses of a riding crop include the following:

(a) The riding crop may be used at any time, without penalty, if, in the opinion of the stewards, the riding crop is used to avoid a dangerous situation or preserve the safety of other riders or horses in a race.

(b) If needed during the first eighth of a mile, a riding crop may be used in a backhanded or underhanded fashion;

(c) Tapping the horse on the shoulder with the crop in the down position while both hands are holding onto the reins and both hands are touching the neck of the horse;

(d) Showing or waving the riding crop without contact with the horse and giving the horse time to respond before striking the horse;

(6) Use of the riding crop to make contact with a horse to maintain focus and concentration, to control the horse for safety of the horse and rider, or to encourage a horse is allowed, with the following exceptions:

(a) Use of the crop in any manner beginning with any upward or forward motion of the hand, otherwise described as cocking the arm or wrist, resulting in more than six (6) strikes to the horse;

(b) Use of the crop and making contact with the horse more than two (2) successive strikes without allowing the horse a chance to respond, meaning;

(i) Pausing use of the riding crop between strikes; or,

(ii) Pushing on the horse with a rein in each hand and keeping the riding crop in a consistent up or down position;

(iii) Showing the horse the riding crop without making contact; or

(iv) Switching the riding crop from one hand to the other.

(c) Use of the crop with the rider's wrist above helmet height;

(d) Use of the crop on the head, flanks, or on any other part of its body other than the shoulders or hind quarters;

(e) Use of the crop during the post parade or after the finish of the race except if necessary to control the horse;

(f) Excessive or brutal use of the crop causing injury to the horse;

(g) Use of the crop causing welts or breaks in the skin;

(h) Use of the crop if the horse is clearly out of the race or has obtained its maximum placing; and

(i) Use of the crop even though the horse is showing no response.

(8) A riding crop shall not be used to strike another person.

(9) After the race, a horse will be subject to inspection by a racing official or official veterinarian looking for cuts, welts, or bruises in the skin. Any adverse findings shall be reported to the stewards.

(10) Use of the crop during workouts shall be permitted so long as such use does not violate sections 6(c) through (i).

(11) The giving of instructions by any licensee that, if obeyed, would lead to a violation of this section may result in disciplinary action also being taken against the licensee who gave the instructions.

(12) Only padded/shock absorbing riding crops which have not been modified in any way may be carried in a race.

(13) Riders using a riding crop in a manner contrary to this rule will be subject to disciplinary action according to the appropriate penalty schedules below:

(a) The seventh (7th) strike of a horse by a riding crop in a race shall result in a warning or fine.

(b) The eighth (8th) strike of a horse by riding crop in a race shall result in a warning or an increased fine.

(c) Striking a horse between nine (9) and twelve (12) times in a race shall result in either a suspension or a fine or both a suspension and a fine.

(d) Thirteen (13) or more strikes of a horse by a riding crop in a race shall result in progressive discipline up to revocation of license.

A rider cannot receive multiple disciplinary actions on the same race card without verbal confirmation of any prior rule violations by the stewards. Failure of prior notice will result in a single violation recorded for the race card.

810 KAR 8:030 will need to be amended to include the following Penalty Schedules:

**Overnight Races and Non-Graded Stakes Races**

	First Violation			Second Violation		
Penalty	7th Strike Verbal Warning	8th Strike Verbal Warning	9th Strike or more 50% of earnings	7th Strike 30% of earnings	8th Strike 60% of earnings (minimum \$400)	9th Strike or more 100% of earnings and one day suspension

Notwithstanding any other provision of KAR Title 810 to the contrary, it shall be a violation of this section if the stewards determine that a particular use of the riding crop is unreasonable or unnecessary. For any violation of this section, and in addition to those penalties permitted under this section, or under KRS Chapter 230 or 810 KAR, the stewards may impose a fine or, for repeated offenses under this section, revoke or suspend the offending licensee's license.

**RE: Request to the Kentucky Horse Racing Commission (the “Commission”) to Offer Exotic Wagers on Historical Horse Races at Oak Grove, Racing, Gaming & Hotel.**

Dear Mr. Guilfoil:

As you and the Commission are aware, pari-mutuel wagering on historical horse races (“HHR”) is classified as an exotic wager. Per 811 KAR 1:250, Section 2 and 811 KAR 1:250, Section 4, WKY Development LLC (d/b/a “Oak Grove Racing, Gaming & Hotel”), also referred to herein as “Applicant”, respectfully requests the Commission’s approval of exotic wagers on historical horse races to be offered at our Oak Grove Racing, Gaming & Hotel location at 777 Winners Way (formerly 12456 Ft. Campbell Blvd.) Oak Grove, Christian County, Kentucky 42242. The approximately 240-acre parcel of land is 15 miles south of Hopkinsville, KY; 11 miles north of Clarksville, Tennessee; approximately 55 miles northwest of Nashville, Tennessee; and sits just north of the Kentucky / Tennessee state line, which is located in the southwestern part of the Commonwealth of Kentucky. WKY Development, LLC, is a joint venture owned approximately 95% by Churchill Downs Inc. and 5% by Keeneland Association, Inc.

For reference, we have created the following executive summary. We intend to fine tune our plans for our HHR facility, processes, and games once we have this approval from the Commission, and we will provide supplemental information as requested by the Commission’s as we continue to draw closer to opening.

## Executive Summary:

- Applicant intends to offer wagering on historical horse races at our Oak Grove Racing, Gaming & Hotel location in Oak Grove.
- Applicant will initially deploy up to 1,325 HHR machines, with multiple different cabinet styles, games and themes. We ultimately hope to have up to 2,000 units.
- As with other facilities offering wagering on historical horse races in Kentucky, all games will be tested by an approved third-party testing laboratory, and will be submitted to the Commission for final approval.
- Applicant will draw upon the expertise of its parent companies (Churchill Downs Inc. and Keeneland) in operating Oak Grove Racing, Gaming & Hotel, plus its affiliates' experience in operating other racing and gaming facilities, to provide our patrons with a safe, secure and first class wagering and entertainment experience.
- By the completion of the entire Oak Grove Racing, Gaming & Hotel facility, Applicant (through its parent companies) will have invested approximately \$200 million in the brand new, state-of-the-art facility.
- More than 350 new jobs will be created to support Applicant's HHR facility, in addition to the approximately 300 construction jobs that have been created during the 2019 – 2020 construction project.
- The introduction of wagering on historical horse racing by Applicant at the Oak Grove Racing, Gaming & Hotel facility will further strengthen the horse racing industry in Kentucky and provide additional purse funds to ensure Kentucky standardbred racing remains competitive.

Pursuant to 811 KAR 1:250 § 4(1), prior to accepting exotic wagers on historical horse races, an applicant shall submit a written request with the information listed below. For convenience, we have prepared separate exhibits addressing each one of these topics, and we will supplement our disclosures as additional information becomes known.

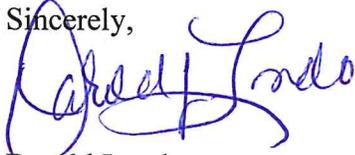

- (a) The types, number, and denominations of pari-mutuel wagers to be offered;*
- (b) A detailed description of the rules that apply to the pari-mutuel wager and the method of calculating payouts, including how money will be allocated to the seed pool;*

- (d) A detailed description of the proposed designated area and the terminal or terminals on which the pari-mutuel wagers will be made, including an architect's rendering of the proposed designated area which describes the size, construction, layout, capacity, number of terminals, and location of surveillance and other security equipment, and at least one (1) photograph of the designated area when construction is completed;*
- (e) The practices and procedures that will ensure the security, safety, and comfort of patrons in the designated area;*
- (f) The manufacturer, make, and model of the terminal, including a copy of all literature supplied by the manufacturer of the terminal;*

- (g) *The maintenance and repair procedures that will ensure the integrity of the terminals;*
- (h) *A complete list of individuals who are authorized to examine and repair the terminals for any reason; and*
- (i) *A memorandum outlining the terms of the agreement between the association and the Kentucky Harness Horsemen's Association referenced in Section 6(2) of this administrative regulation.*

The enclosed information is submitted in accordance with the Kentucky Revised Statutes and Kentucky Administrative Regulations, and the financial and business information contained herein is confidential, proprietary and exempt from disclosure under the Open Records Act, KRS 61.878(c).

For the reasons set forth herein, Applicant believes that it has satisfied the requirements for approval of its request to offer exotic wagers on historical horse races subject to providing final documentation, and respectfully requests the Commission's approval.

In addition, the request seeks approval for the IGT Terminal Software.

---

On May 29, 2020, the Kentucky Horse Racing Commission (“KHRC”) received a request from Churchill Downs Racetrack through its wholly owned subsidiary Derby City Gaming, LLC to offer thirty (30) IGT entertaining game themes and pari-mutuel wagering pools to be offered at Derby City Gaming.

On May 29, 2020, the Kentucky Horse Racing Commission (“KHRC”) received a request from Churchill Downs Racetrack through its wholly owned subsidiary Derby City Gaming, LLC to approve the Ascent Foundation HHR software used on the IGT terminals.

Prior to Churchill Downs Racetrack submitting this request, each of the 30 IGT game themes as well as the Ascent Foundation HHR Terminal Software underwent testing at BMM Testlabs, one of the independent, third-part testing laboratories under contract with the KHRC. Refer to the two Request Letters from Churchill Downs Racetrack dated May 29, 2020 for a complete list of the game theme titles and the components of the Ascent Foundation HHR Terminal Software.

BMM Testlabs certifies that each of the 30 game themes and the Ascent Foundation HHR Terminal Software to be compliant with Kentucky Revised Statute (KRS) Chapter 230, Kentucky Administrative Regulations (KAR) Title 810 Chapter 1, Sections 001, 011 and 120; KAR Title 811 Chapter 1, Section 250; KAR Chapter 2, Section 160 as adopted by the Kentucky Horse Racing Commission. The BMM Testlabs evaluation confirms that:

The themes consist of pari-mutuel wagers placed on Historical Horse Races.

The minimum wager placed on a Race Set is greater than or equal to \$0.10.

A takeout is deducted from each accepted wager for the association which is not used for the payouts on winning wagers.

Once a patron places a wager, Historical Horse Races are chosen randomly to determine the payout.

No information is shown to identify the Historical Horse Races until the patron has finished placing the wager.

The payout for a wager does not determine the amount retained by the association.

A percentage of each wager is added to the prize pools. The prize pools are funded to ensure that the amount available at any given time is sufficient to ensure that the patron will be paid the minimum amount required on a winning wager.

The payouts for each prize pool are posted on the Wagering Terminals for viewing by patrons for an interval of not more than 90 seconds.

If the 30 game themes and the Ascent Foundation HHR Terminal Software are approved, Derby City Gaming will be required to submit an exact floor layout of the terminals for KHRC staff review and approval.

Prior to Derby City offering these IGT game themes, Commission staff will perform on-site testing of the gaming system. The testing will be conducted to ensure that the games functioned as described.

Commission staff recommends approval of the request from Churchill Downs Racetrack through its wholly owned subsidiary Derby City Gaming, LLC to offer thirty (30) International Game Technology (IGT) entertaining game themes and pari-mutuel wagering pools as well as the Ascent Foundation HHR Terminal Software to be offered at Derby City Gaming.

- Additional pool configuration options for the pari-mutuel wagering pools utilized to operate the **Quick Hit Lucky Wheel v273742A** and **Quick Hit Money Wheel v273743A** entertaining game themes.
- Additional pool configuration options for the pari-mutuel wagering pools utilized to operate the **Celestial King v273703A**, **Enchanting Dreams v273797A** and **Romance of the Nile v273798A** entertaining game themes.

The requested pari-mutuel wagering pool, entertaining game themes and pool configuration options will be hosted on the computer servers operated by Ainsworth Game Technology (“AGT”), through a technology provider agreement between AGT and Scientific Games Corporation. The pools utilize the structure of AGT pools that have been approved by the KHRC.

GLI has performed testing on the new historical horse racing pari-mutuel wagering pool, the fifteen entertaining game themes and the five associated pool configuration options against the statutes and regulations set forth in KRS Chapter 230 and 810 KAR Chapter 1 outlining the requirements for pari-mutuel wagering and historical horse racing conducted in Kentucky. The results of GLI’s testing confirm that the Scientific Games Corporation Historical Horse Racing System is appropriately designed to accept wagers and distribute winnings in a pari-mutuel fashion, as defined by the aforementioned statutes and regulations. The results also indicate that all money wagered is properly distributed in a pari-mutuel fashion, in accordance with the associated manufacturer specification documents provided by Scientific Games Corporation , as well as the specific methodology defined by 810 KAR 1:011. GLI has also determined that the results of a historical thoroughbred races compared against a players selection are the only determining factor in the outcome of the player’s wager. The outcome of the game is entirely determined by the player’s picks evaluated against the results of the historical race.

The KHRC staff has reviewed the fifteen GLI reports and believes that the new pari-mutuel wagering pool, the fifteen associated entertainment game themes and five additional pool configuration options comply with all relevant Kentucky statutes and regulations. The GLI reports are available for all KHRC members upon request.

Prior to CDRT offering pari-mutuel wagering on the new pool, Commission staff will perform on-site testing of the pool. The testing will be conducted to ensure that the pool functioned as described and that the payouts complied with the documentation provided to the Commission by GLI.

Churchill Downs staff would be required to submit a final floor layout and pool commingling list that includes these all pari-mutuel wagering pools to KHRC staff for review and approval prior to the final reconfiguration.

KHRC staff recommends approval of the request of Churchill Downs Racetrack, LLC by and through its wholly owned subsidiary Derby City Gaming LLC, to offer fifteen new Scientific Games entertaining game themes, one new associated pari-mutuel pool and five associated pool configuration options.

Version 3.22, includes one new game theme “Fire of the Furies” that will utilize the above requested wager profile, as well as a display fix to the game theme “Sea of Fortune”, and

Version 3.23, which includes one new game theme “Jackpot Noir” that utilizes an existing wager profile in Group 8, along with graphical fixes to six game themes, and a logging file fix with the game theme “Sea of Fortune.”

GLI has performed testing on the PariMAX Pari-Mutuel Wagering System versions 3.21 (SY-399-AMT-20-06) , 3.22 (SY-399-AMT-20-07) and 3.23 (SY-399-AMT-20-08) against the statutes and regulations set forth in KRS Chapter 230 and 810 KAR Chapter 1 outlining the requirements for pari-mutuel wagering and historical horse racing conducted in Kentucky. The results of GLI’s testing confirm that the PariMAX Pari-Mutuel Wagering System is appropriately designed to accept wagers and distribute winnings in a pari-mutuel fashion, as defined by the aforementioned statutes and regulations. The results also indicate that all money wagered is properly distributed in a pari-mutuel fashion, in accordance with the associated manufacturer specification documents provided by AmTote International, as well as the specific methodology defined by 810 KAR 1:011. GLI has also determined that the results of a historical thoroughbred races compared against a players selection are the only determining factor in the outcome of the player’s wager. The outcome of the game is entirely determined by the player’s picks evaluated against the results of the historical race.

The KHRC staff has reviewed the three reports and believes that the additional wagering pool and entertainment game themes comply with all relevant Kentucky statutes and regulations. The GLI reports for versions 3.21, 3.22 and 3.23 are available for all KHRC members upon request.

If the proposed PariMAX Pari-Mutuel Wagering System versions 3.21, 3.22 and 3.23 are approved, KRM will be required to submit an exact floor layout and a list of the terminals that will offer wagering on the PariMAX Pari-Mutuel Wagering System versions 3.21, 3.22 and 3.23 to the KHRC staff for review and approval.

Prior to KRM offering pari-mutuel wagering on the new pool, Commission staff will perform on-site testing of the pool. The testing will be conducted to ensure that the pool functioned as described and that the payouts complied with the documentation provided to the Commission by GLI.

Commission staff recommends approval of the KRM request to authorize PariMAX Pari-mutuel Wagering System version 3.21, 3.22 and 3.23 and the exotic wagering pool and entertaining game themes associated with version 3.21, 3.22 and 3.23.

### **Date Preference System**

The following date system of preference is used at Kentucky Downs:

**Foal certificates are no longer required to be on file in the racing office to enter or start at Kentucky Downs; however, foal certificates (2017 and older) must be on file to obtain a preference date and to have a horse digitally tattooed. Foals and 2018 must assign their Digital Foal Certificates to Kentucky Downs in order to obtain a preference date. ADDITIONALLY, FOAL CERTIFICATES ON FILE AT ELLIS PARK or CHURCHILL DOWNS PRIOR TO THE END OF THE ELLIS PARK MEET WILL HAVE A ZERO DATE AT KY DOWNS (NO NEED TO MOVE FOAL PAPERS FROM ELLIS or CHURCHILL DOWNS TO KENTUCKY DOWNS).**

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses into over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot; however, where entry and running dates are the same, the horse with the entry date will have preference.

2. All horses intended for racing at Kentucky Downs (who fulfill the criteria below) will be assigned a preference date. A horse can have only one date at any particular time. Dates assigned will be of two types:

#### **E-Date**

This date will correspond to: (a) the date on which a horse's foal papers / digital foal certificate and name card are submitted to the Identifier (foal certificates / digital foal certificates must be on file by September 1st to receive the earliest date. Additionally, the deadline to turn in foal papers / digital foal certificates to receive a date on entry day is 9:30 am CDT); (b) the day on which a horse is first entered if his papers are not on file with the Identifier. To qualify for the latter E-Date, a horse must have been excluded from a race that appears on the overnight or he must have been entered in a condition book race that failed to fill through insufficient entries.

#### **R-Date**

This date will correspond to the day of a horse's most recent race at Kentucky Downs. An R-Date will also be assigned to a horse that scratches.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers are removed from the Identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another racetrack will forfeit any date they may have at Kentucky Downs. Additionally, horses racing at Kentucky Downs without foal papers on site will not retain their R-Date.

4. Preference dates are good for any type of race or distance (other than maiden dates).

5. Maiden dates will be kept separately and will not have preference in winners' races.

6. No E-Date will be assigned to the second choice of an un-split same-owner entry.

7. A horse that has been placed on a list (Veterinarian, Steward, Starter, or Paddock Judge) will lose his date and be assigned an R-Date corresponding to the day he is removed from the list.

8. Horses on the Also-Eligible list shall be permitted to draw into races and will be assigned post positions in the order of their dates, earliest dates first.

9. A horse that is a scheduled starter in a canceled race will not receive an R-Date for that race but will retain his previous date.
10. The draw of stake and handicap races is not subject to date preference.
11. Preference dates are transferred through change in ownership and changes in trainer only after the proper transfer procedures have been completed through the Stewards' Office and delivered to the Racing Secretary's Office.
12. Date preference rules will not supersede KHRC rules regarding preference, eligibility, or scratches.

## DATE PREFERENCE SYSTEM

The Date System of preference will be used at Churchill Downs as described below:

**Foal Certificates and digital foal certificates no longer are required to be on file in the racing office to enter or start at Churchill Downs; however, foal certificates and digital foal certificates must be on file to obtain a preference date and to get a horse tattooed. To receive a zero (0) date, foal papers or Digital Foal Certificates must be on file with the Horse Identifier by Tuesday, September 1, 2020**

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses in over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Churchill Downs will be assigned a preference date. Dates assigned will be of two types:

### **E-Date**

This date will correspond to:

- a) The day on which a horse's foal papers and nametag and digital foal papers are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting).
- b) The day on which a horse is first entered if his papers or digital foal papers are not on file with the identifier.

To qualify for the latter E-date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

### **R-Date**

This date will correspond to the day of a horse's most recent race at Churchill Downs. An R-Date will also be assigned to a horse which scratches.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers or digital papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another racetrack will forfeit any date they may have at Churchill Downs.
4. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
5. A horse that runs in a race, which has been taken off the turf, will retain its turf date. A scratched horse will receive an R-date from the date scratched.
6. When a race is taken off the turf, dirt preferred horses will receive an R-Date if they run or scratch. If the race remains on the turf, dirt preferred horses will retain their previous date.
7. Horses on the Also-Eligible list shall be permitted to draw into races in order of their dates, earliest dates first, (Exception: when a race is removed from the turf. Dirt Preferred also-eligibles will have first preference to draw into the race in order of their date preference. If the race remains on the turf they will have no preference.)

8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.
9. A horse, which has been placed on a list (veterinarian, steward, starter or paddock judge), will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse, which is a scheduled starter in a cancelled race, will not receive an R-Date for that race but will retain its previous date.
11. The draw of stakes and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRA rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non-maiden races.

### **CONDITION ELIGIBILITY**

Horses are preferred by their available conditions in all allowance races beginning with Graded Stakes winners (Grade I-II-III), open stakes winner through their allowance conditions providing the horses has finished 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, or 4<sup>th</sup> for \$40,000 or more since starting for less than \$40,000. In allowance /optional claiming races, a horse's eligibility cannot exceed the condition of the race. Starter races for less than \$25,000 will be considered as claiming races for condition eligibility.

### **WINNERS ARE PREFERRED IN ALL NON-MAIDEN RACES.**

#### **Also-Eligibles**

If there are any scratches in a race with also-eligibles, the also-eligible horses will be permitted to move into the race in order of their preference.
